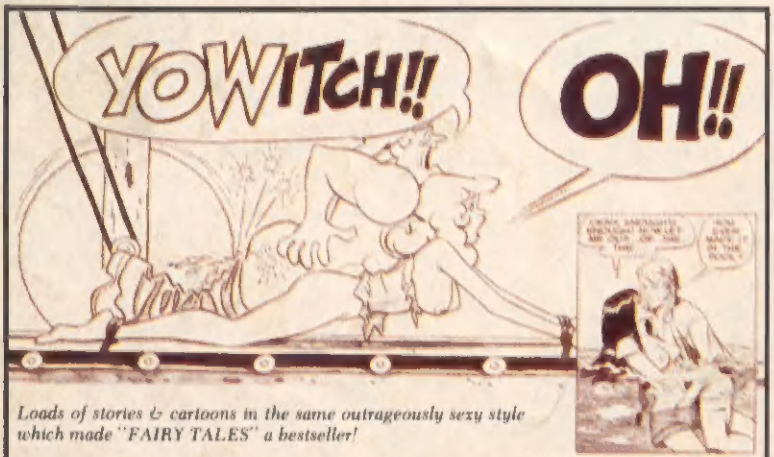
MORE ADVENTURES FROM MAD M'GURK

ROUGH RIDER: The tender story of a girl and her bear! You've never seen anything like it.

M'Gurks SEX PRIMER: Erotic Art at its Horniest!

Our first book by M'Gurk, A NAUGHTY TREASURY OF CLASSIC FAIRY TALES, became an erotic classic as soon as readers discovered the incredible combination of erotic turn-on and hysterically funny humor in one book. WELL, HE'S BACK! In SEX PRIMER, M'Gurk runs wild with adventure, humor, and his hot, hot erotic style of illustrating. From cartoon to eerily realistic drawing, M'Gurk leaves nothing to the imagination. In ROUGH RIDER, our heroine falls from her motorcycle and lies bruised and unconscious. A huge black bear finds her and lick her wounds—and MORE! When she awakens, she is horrified, but incredibly turned on. What they do has to be read and seen to be believed! And when hunters come in to shoot the bear and rape the girl, you will gasp at the wild and horny turn of events. Story after story will have you hot, have you hysterical, and leave you wanting more. A surprising low price of just $7.95!



Loads of stories & cartoons in the same outrageously sexy style which made "FAIRY TALES" a bestseller!

Hi there, good buddy.

Welcome. I'm Sabrina, your Stag girl and personal, private guide to the exciting pages of the new, all-color Stag.

I will be coming to you every month for an intimate rap on the "goodies" I have in store for you in upcoming issues, and to keep you abreast of what's happening at Stag headquarters.

But first things first. We have a fantastic issue for you, and as you can see from the photographs on this page, I slaved my cute tits over a typewriter working on it. My ass, too, got a good work out over the light box picking the mouthwatering models I thought would turn you on. Some of those shots! Wow! They made my crotch so hot and itchy, I just had to scratch myself.

I did have a slight difference of opinion with Norman, our art director, about the centerfold shot. I had to demonstrate the kind of high-quality spread I thought would be nice for a centerfold. But, not to worry, we finally got close enough to the issue to overcome our differences. I think our joint selection will please you.

And speaking of pleasing you, that's what Stag is all about. Stag is *your* magazine, and I want to keep it that way. So, don't hesitate to drop me a line and let me know what you liked or disliked about this issue; and what you'd like to see in upcoming issues. Knowing what you like is the only way I can give it to you. And I know if I give you what you like, you'll come again next month. If you don't come again, I'll be out of a job, and you wouldn't want to see a nice girl like me walking the streets, would you?

That's why I'm all for you, baby. And I know that money today is as scarce and tight as a virgin pussy, so I want to make Stag the best magazine your money can buy. And with your help, I know I can do it.

So come again next month, you hear! I'll be waiting for you. And remember my motto: "Happiness is a warm pussy."

La de dah,

Sabrina

A STAR IS PORN

Every creature has its moments of glory, but who ever expected to see such moments visited upon the world's population of short robots? Today, if you're not a short robot, you're simply not getting any. Since the success of *Star Wars* and the adoration of its hero, R2D2, short robots have been coming out of the

closet, demanding their piece of the fur pie and making it very tough on everyone else. Some men, in fact, have become so desperate they'll try anything to pass. This man, for example, is not really a short robot. He is a former magazine editor we know, Arthur George, and he's unashamedly cashing in on the craze by posing as a short robot in order to win the affections of this girl. Not a very pretty sight, is it?

HOTLINE FOR SEX

People handle sexual problems in different ways. Some make obscene phone calls; others have serious talks with their wives or lovers. Some confide in psychiatrists, and still others make frequent visits to local zoos. For many people in the Boston area, help with sexual problems is as close as their telephones since the New England Institute for Human Sexuality began operating its sex "hotline."

The Institute, made up of a group of psychologists, does not give sexual counseling over the phone. Rather, they point the caller in the right direction to find a solution. Even the obscene phone freak can get help here, we guess.

Many of the calls they receive, says Dr. Peter Wish, the Institute's executive director, *are* extremely intimate, but the staff is trained to handle even the most explicit details. When women call complaining that they fail to reach orgasm, says Dr. Wish, "We explain that this does not make them abnormal and that recent studies have shown that the majority of women do not get an orgasm with sexual intercourse. Many of them feel inadequate and if they are really hung up we suggest that they go for sex therapy."

We're sure the Institute's hotline has helped many people with their sexual hang-ups. But their trusting, good-natured attitude must lead to conversations that go something like this:

"Hello. Hotline."

"Pant, pant. Hello bitch. I'd like to stick a giant coke bottle —pant, pant—way up your bloody snatch."

"Well, that's perfectly allright sir, but . . . "

"Then I'd like to grind my cock so far into your ear it comes out the other side . . . "

"You're not the first one, you know. Many men have the same desires . . . "

"Hey Lady. You think that's okay!?"

"Who's to say what's normal?"

"Lady. You need help!"

TIT ART

Keeping abreast of the times is not simply a matter of current events as these examples from a recent art exhib-

ition in London clearly demonstrate. As for their artistic statement, that's simple. The artist is obviously a healthy, contemporary male. In these mammarygrams he displays a common male obsession: The breast.

The tit-crazed male sees tit in every turn he takes whether it's a right turn at a traffic signal, a glance at the clock on the kitchen wall, or sitting down to dine. These works of mammary madness make it plain that a little nipple injected into the most mundane aspects of everyday life make every day a great deal more pleasant.

Alas, the artist in this case is anonymous, but who could deny that his art is for Every Man. (Okay, so it's for Every *Heterosexual* Man.) In these sexually liberated times, keeping abreast has come to mean keeping a breast in your mind.

THE SPIKES WHO LOVED ME

The world of fashion is couched in sex. That's no news. What is news is that the fashion industry is making a move to revive the spike heel. Once a common sight everywhere, spikes have long been associated with S&M and now, because of the popularization of S&M, fashion moguls apparently believe the time is right for spikes to return to the streets.

Unfortunately, though it might appeal to S&M devotees, spikes don't appeal to orthopedists, and any attempt at revival will likely be met with the same kind of negative publicity that accompanied the ill-fated platform shoe. Dr. Arthur W. Trott, President of the American Orthopedic Society, has already issued a warning that spikes only lead to unhappiness. The woman who totters around on four-and-one-half to five-inch heels on a dime-sized base, Trott says, is likely to suffer cramps in her feet. The spike-heel shoe places 80 percent of the body's weight on the ball of the foot, he explained recently. Ideally, weight should be equally divided between ball and heel. Then again, if it's part of an S&M revival, Trott's "negative" statements may only lead to another super fad.

A 'BITCH' TOO MUCH

Dexter Knowlton isn't your ordinary everyday guy. Not in the least. No, Dexter isn't ordinary. He's a judge of the Circuit Court out in Freeport, Illinois, and Dexter can put people in jail.

Take, for example, the lady he threw in the can a while back because she showed up in Dexter's court to watch a trial and he didn't care for the way she was dressed. The "Bitch, Bitch, Bitch" t-shirt she had on infuriated Dexter. "It's obscene," Dexter declared as he sentenced her to three days in the cooler. Her shirt lessened the dignity of the court, Dexter claimed, and it takes a very special kind of a guy to say something like that, yessireebob.

HIGH-PRICE SPREADERS

Who grosses an average of $69,000 a year, takes vacations that last from five to 11 weeks and gets to look inside snatch after snatch every working day of his life? A gynecologist, of course.

If someone offered you that job, you'd take it in an instant, wouldn't you?

What's more, according to a survey recently conducted for the Department of Health, Education and Welfare, aside from having the most fun on the job, gynecologists are among the highest paid medical specialists in the nation. By contrast, the non-specializing M.D. earns a modest $53,000. That's not a bad yearly wage either, but then he doesn't get to peer into nearly as many love holes.

Before you go rushing off to med school, here's a little word of warning. In addition to the obvious benefits, gynecologists also have the highest rate of suicide among specialists. Paradise does have its drawbacks.

BRAINED BUSTS

Big-chested beauties have long been regarded as being a little short in the brains department. Unfair? Maybe. But a recent study says it's true. Though they were somewhat more tactful in wording their results, researchers essentially found that the bigger the boobs, the dumber the head that owns them.

The physical link between tits and a dame's dome may remain a mystery, but do you really care? You shouldn't because now you can go out into the world with renewed confidence to chase every mammoth pair of mammaries that catches your eye. And it'll be better than even-money that your prey won't be a match for your I.Q.

THE WIFE OF THE PARTY

If you should step into ■ voting booth someday and see a list of candidates under the heading "Matriarchal People's Party," please, *don't pull their levers!*

The first thing you should do is vote for somebody, *anybody*, else. The next thing you should do is find out what the hell you're doing voting in an election that's being held in Denmark, because that's where the "Matriarchal People's Party" has been organized. Don't worry, though. The Party is not likely to catch on in the rest of the world, nor is the Party likely to offer any candidates for election to public office.

The "Matriarchal People's Party" was recently started by two women in Denmark, Ellen Muntner and Britta Svenson, who are trying to help men better realize their place in the world. And their place, according to these distaff ball busters, is just a notch above the door mat. The Party has called for laws which would ensure that men obey women at all times, limiting the functions of men to working, procreating and serving as objects of sexual pleasure for women. Ridiculous as that sounds, these two women are trying to make a point, however exaggerated. "When the Party comes to power," they say, "men will be treated in a way not very different from the way women are treated today."

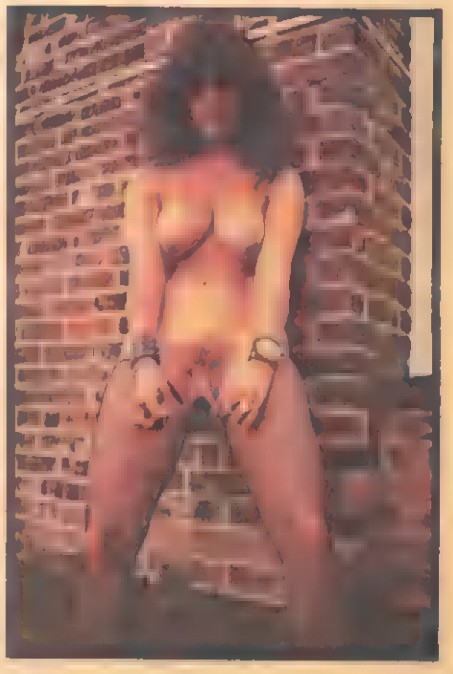
WHAT KIND OF WOMAN SEES XXX'S?

What kind? According to recent studies, she is liberal, sexually well-adjusted and experienced. She's the kind of woman who has an open mind about masturbation, abortion and extramarital sex. She has ■ well-developed sexual imagination and enjoys sex on a regular basis.

These women favor heterosexual petting, foreplay and displays of affection in sex films, but dislike the lack of privacy that one might see in a group-sex scene. Way down on the list of turn-ons in sex films are homosexuality, brutality and (sob) oral sex.

One researcher recently had the insight to inquire of his female subjects what their idea of a stimulating fuck film would be. All you amateur filmmakers take note. It goes something like this: a young couple affectionately begin to remove each other's clothes, playing and toying with each other all the while. Eventually, the couple fucks in a variety of positions. Throughout all this, there must be gentleness from both parties, the women said, and the woman must be shown as an active participant. Satisfaction from the sex act must also be affectionately dealt with.

To any veteran porn film fan, that sounds just peachy keen.



IF YOU'VE GOT IT, KNOT IT!

See the pretty lips. See how they s-t-r-e-t-c-h. Lips like these are real crowd pleasers. Veritable gold at kissing booths. An anatomical wonder of the world. They belong to the lady called Loose Lips who has, in such films as *Heat Wave* and *Captain Lust*, performed amazing feats of labial *cuntortions*. In one scene, Ms. Lips sucks up a speeding billiard ball by surrounding it with her ample labia; in another, she completely incapacitates and nearly mislays a vag-

abond ping pong ball. For these overlarge labia, it's a routine trick to be tied up in a knot. And that's how you make a knot hole.

HYPED HORNINESS

Feeling tired, limp and listless? Well, don't fall for any of that Geritol bullshit. We've got something better. Just get your horny hands on the new drug called bromocryptine. The stuff does for your libido what poppers do for your heart, except bromocryptine's effects won't wear off in a few short minutes.

The new drug, now being tested, has so far resulted in miraculous cures for patients suffering from the most trying sexual dysfunction known to women: frigidity. Bromocryptine was used on 11 Italian women some of whom, reports say, never had an erotic feeling in their lives. In each case, sexual desire was restored within six months. In similar tests, seven male patients who had difficulty getting erections were also cured by the drug.

Currently, bromocryptine is being tested in several medical centers around the U.S., and is unavailable for general use. When and if it does become available, we think it would be a good idea to renew acquaintances with all those frigid women you've met along the way because once they start taking bromocryptine, they're going to have a lot of wasted years to make up for. In fact, you might have to take some your self just to keep up.

IN PRAISE OF BIG WOMEN

Tastes in body types generally favor the slim and trim, but Stella Reichman insists that that's all wrong. Reichman herself weighs 200 pounds which, even though it might be twice the weight of women you go out with, is not fat, says Stella, just large. And having all that meat makes women better lovers. Well, that's what Stella says.

Ms. Reichman, who authored a book entitled *Great Big Beautiful Doll*, said recently that "large women are blessed. Since they are larger in body, we are also larger in spirit."

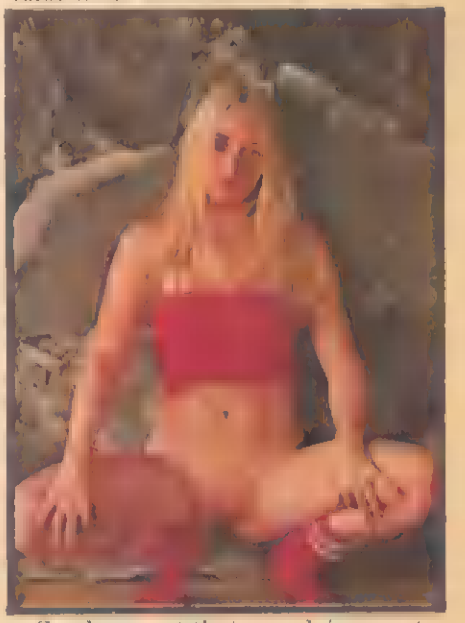
Stella reaches "large" women on another front, too. She's a consultant to a chain of stores specializing in dresses for large women like herself. That's why, in her travels, Stella advises other large women on how to dress their size to an advantage. Among other things, Stella advises, "enter a room forthrightly, like a ship under full sail; don't buy anything that's too tight; avoid dresses with big armholes; wear bright colors; and don't be afraid of sexy hostess gowns."

Above all, we'd like to add, don't go outdoors unless it's absolutely necessary.

SQUATTER'S EDGE

When man moved from the forest floor to the crapper, he sacrificed much in the name of progress. On the forest floor, squatting is the natural position used for eliminating wastes. Though it may seem awkward to modern man, the squat yields many sexual advantages, particularly for women.

For modern women, squatting will correct such anomalies caused by the enamel commode as misaligned bladder, ureter and uretha. Also, pussy tone is improved because, while squatting, women can perform Kegel exercises, contracting and expanding the vaginal walls and abdominal muscles. The vaginal sheath and orifice become strengthened and circulation to the clitoris is increased, causing it to become much more sensitive.



So, throw out that porcelain monster in your bathroom and in the bathrooms of all your girl friends. Once they develop the squatting habit there's no way they'll fail to see the advantages. Their increasingly sensitive clit will result in better orgasms for them, and the improved muscle tone she develops will make you forget you ever heard the name, "Flush-O-Matic."

Intimate Communications from Stag Readers

NURSING A STIFF PROBLEM

We've all heard the rumors about nurses being free and easy with sex. I didn't necessarily believe it until I was in the hospital recently after an appendix operation. I found out first hand, the rumors are true.

I had three nurses tending to me — one on the day shift, one on the evening shift, and one on the night, or "graveyard", shift. Because my wound was draining, the bandage needed to be changed on each girl's shift.

My day shift nurse was an Italian girl with big tits name Roseann. The first time she came to dress my wound, I made sure I had a hard-on by playing with myself under the sheets before she arrived. There was no danger of being seen. The other patient in my semi-private room was an old geezer who was asleep most of the time.

I happen to have nine thick inches when my cock is hard. When my erection is laid back on my belly, it reaches up past my navel. So there was no way Roseann could avoid seeing it when she laid back the sheet to change my bandage. When she saw my erection, her eyes sort of bugged and she let out a little gasp. But she acted like there was nothing out of the ordinary as she changed my bandage. The backs of her fingers did brush my prick a couple of times, but that was all. Neither of us said a word about my condition.

When she was finished with the bandage, Roseann hesitated about pulling the sheet back up. She gazed at my cock a long time. Then she seemed to come to a decision. She grabbed a hold of my hard-on and began milking it.

"Does this feel good?," she smiled. I nodded.

"Would you like me to . . . .?" She waggled her tongue. I nodded again, eagerly.

Roseann went down on me. She turned out to be a great cocksucker. After wetting up my knob, she ran her tongue down my cock and took each of my balls in her mouth. Then she licked me some more and started sucking my cock. Although she didn't quite manage to deep throat me, she did take in a full six inches in her mouth.

Moaning with pleasure, I gushered my load into Roseann's mouth. She swallowed every drop. When she had wiped me dry with surgical gauze, I thanked Roseann politely for the good job she did on my bandages, and she left.

I didn't do so well with the evening shift nurse—at least not at first. Her name was Susan. She was very young and probably just out of nursing school.

When Susan arrived that evening, my hard-on sprang up like a jack-in-the-box as she lowered the sheet. Her reaction was one of embarrassment. Her cheeks got red and she was in a nervous hurry to get the bandage changed and be done with it. I did catch her a couple of times glancing at my hard-on with what seemed like a curious interest as she worked on the bandage. But nothing happened.

At one a.m. that morning, I showed my third hard-on of the day to night nurse Claire. She was a flashy blonde in her early thirties. No shrinking violet, this brazen babe was panting for action the second she saw my hard cock.

"I'll do you, if you'll do me," she said. That was jake by me.

Claire reached up under her skirt and slipped her panties off. She gave me a whiff of the crotch before she laid them on the night table. With a glance over her shoulder to make sure the old man wasn't awake and looking, she gave my cock a few rubs until it was hard as a diamond. Then she hiked her skirt again and hunkered against the edge of the bed with her thighs parted.

"Do me," she commanded.

I did her gladly. I parted her pussy fur with two fingers and found a juicy cunt that was dripping wet.

I went to work on Claire, and she went to work on me. I fucked her with two fingers and worked on her clit with my thumb, while she masturbated

me like a pro. We somehow managed to keep the noise down to a few muffled groans when we came but it wasn't easy.

The remaining five days of my hospital stay were a continuous orgy. I got my rocks off almost every day with Roseann and Claire. Meanwhile, I kept working on Susan, showing her my nine-inch hard-on every time she changed my bandage. On my last day, she finally gave in and gave me a going-away present. Smiling sweetly, she gave me ■ hand job.

When I got home from my hospital recuperation, I needed another week of bed rest to recuperate from the recuperation.

From what my experience taught me about nurses, I'd say to any horny guy who wants to get his rocks off ■ lot that the best way to do it is to break your arm and get sent to the hospital.

NIPPON MINE

My five inch erection has just been praised by a beautiful girl as the biggest cock she ever saw.

The girl's name was, Chizuko, a Japanese girl I recently had a fling with when she was in San Francisco on vacation. We met at ■ baseball game (the Japs are even bigger baseball nuts than Americans), hit it off, and wound up in bed back at my place.

I could hardly believe my ears when Chizuko looked wide-eyed at my hard-on and said, "Ooh, this penis so big! I never saw such big!"

It turned out I was the first white man Chizuko ever balled. Apparently, Oriental men have smaller dicks than we do. At least Chizuko said she never saw a Japanese man with a dick as "huge" as mine.

I loved the way she praised my cock, and she was ■ fabulous fuck. My hard-on was so big by her standards, I could feel the tip of it hitting bottom when I fucked her. She was so small a guy with six or seven inches couldn't have gotten his prick all the way into her without hurting her.

So you guys with small dicks get yourselves Oriental girlfriends. They'll think you're hung like a horse, and, if they're like Chizuko, they'll be hot, juicy fucks.

WINDBREAKER

Am I crazy, or what? A year ago, I discovered what to me is the ultimate sexual thrill. But everybody I've told about it acts like I'm sick. I wonder if any other STAG readers have discovered this turn-on.

One night, a year ago, I was sixty-nining with my steady girlfriend, Iris. As I licked her pussy, my nose was positioned right against her asshole. By accident, she cut loose a big, loud fart. Much to my surprise, I loved it. That fart was the most erotic smell I've ever smelled. I came instantly in Iris's mouth.

When it was over, Iris was embarrassed. She apologized for farting in my face. When I told her I loved it, she looked at me like I was crazy. Later, when I tried several times to get her to fart in my face again, she got ticked off. She finally broke off with me.

The same thing happened with other girls. Each time I got cozy with ■ new girlfriend, everything would be fine until I asked them to fart in my face. As soon as I did that, they dropped me like a hot potato.

For a while, I managed to get it on fart-wise with a whore named Patsy. We've got ■ ten dollar whorehouse here in Augusta. When I went there and told the girls what I wanted, they all gagged or giggled and told me to get lost. All but Patsy, that is. For an extra five dollars, she agreed to fart in my face.

The way Patsy and I worked it, I'd phone ahead ■ couple of hours before I was coming to the house. Patsy would then eat a full can of beans. When I got to the house, we went to her room where I pulled her panties down to her ankles. She bent over while I got on my knees behind her. I parted her soft buttocks cheeks and pushed my nose into her crack, right up against her asshole. Then—blam!—she'd begin cutting loose with some of the biggest, loudest, sexiest smelling farts you ever saw. It drove me wild. I'd kneel there,

beating my meat, Patsy farting in my nose, and in no time I'd have ■ great come.

Unfortunately, Patsy moved away last month, so now I've got no one to fart in my face. If any girl who reads this letter lives in my area and would like to share this special kind of sexual pleasure with me, please write to me in care of STAG. I'll be discreet, and I'll pay you any amount of money you want, within reason. I'd also like to hear from other guys who are into being farted on. Just so I know I'm not alone.

WHORING FOR COPS

Your October article "Whore Cops" reminded me of ■ similar experience I had with a cop.

I'm a secretary, 25 years old, but occasionally I'll pick up a guy at a bar for a little extra cash. That's what I did with this guy, Bert.

We chatted over drinks. Then he asked me if I had any grass on me. I did have some, so we went outside and shared a joint in his car. He asked me for sex. I asked him what it was worth to him. He offered me thirty dollars. I said fine and he drove me to a motel.

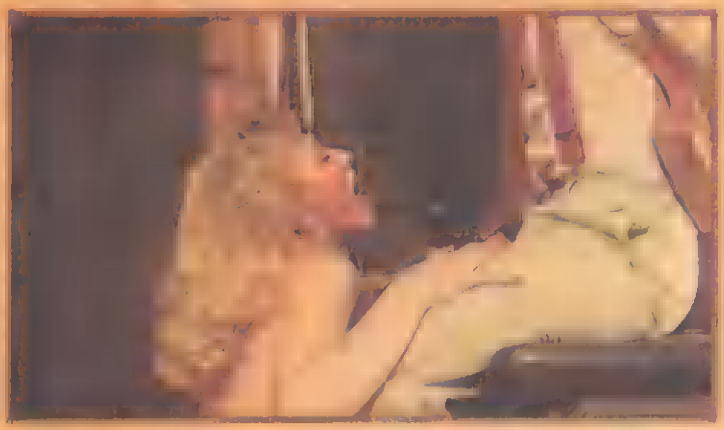
As we undressed, Bert scared the daylights out of me by pulling out ■ revolver and laying it on the dresser. My first thought was that he was a stick-up man. When I asked him if he planned to rob me, he laughed and showed me a police badge.

Knowing he was a cop hardly made me feel any better. Here he knew I was in possession of marijuana, and I had agreed to have sex with him for money, both criminal offenses. When he asked me to roll another joint, I was sure he was setting me up for a pinch.

Nothing happened, though. We smoked the joint and laid down naked on the bed. The sex started off normally. Bert ate my pussy, and he ate it good. He made me come twice with his tongue. But then he started getting weird.

Bert stood up with a big hard-on and fished two sets of handcuffs from his suit jacket. He wanted to handcuff my wrists to the bedposts while he fucked me. I was scared to death. If I hadn't been even more scared of the trouble he could get me into as ■ cop, I'd have made a dash for the door. Under the circumstances, I played along with him.

After my wrists were shackled to the bed, Bert fucked me, but good. He came, and I thought I was out of a potentially sticky situation none the worse for it. Then he pulled the



sickest thing I've ever had pulled on me.

Bert stood up, picked up his revolver, and announced his intention of fucking me with it. That did it. Playing along with a handcuff fetish because the guy was ■ cop was one thing. But there was no way I was going to willingly let the barrel of a loaded revolver be stuffed up myself.

I told Bert if he took one step toward me with that gun, I was going to scream my head off. He hesitated for ■ second, then laid the gun down. I guess he figured he had more to lose than to gain if he tried to force himself on me. If either of us hollered cop, he'd be in as much trouble as me. He un-handcuffed me and drove me to the nearest bus stop. He made no mention of the thirty dollars he'd promised me for fucking, and I didn't ask him for it. I felt lucky to get away with my hide intact.

I just hope that's the last time I get picked up by a cop.

BALLING PAPA'S PUSSY

I can still hardly believe my luck, but last night I fucked my father's girlfriend!

I'm 18 years old, a senior in high school. Dad and Mom are both 40, and happily married as far as they let me know. I have two sisters, 12 and 9.

For at least the last five years, Dad has been fucking around with a girl named Franny who lives up the street from us. I know this because when I was 12 I saw them doing it with my own eyes, through a window of our rec room one day when Mom wasn't home. I never told anybody what I saw. Franny is only 23 now, so that means Dad has been fucking her since she was 18.

Franny hangs around our house a lot. She'll often baby sit with my sisters when Mom and Dad go out. So it was nothing unusual to find her in our rec room watching TV when I came home from a date last night. The only thing unusual was what she was wearing—a sexy nightgown I could practically see through. I got ■ hard-on, just looking at her. She's really a luscious girl, with big, plump tits, and long, sexy red hair. I've been getting hard-ons over her ever since I've been old enough to get hard-ons.

I sat down on the sofa with Franny to watch TV, never dreaming anything was going to happen between us. I thought she thought of me as a boy, as my father's kid. That's why I didn't know what to think when she let her leg sort of loll over against mine there on the sofa. It made me horny ■■ hell.

I was afraid to make ■ real pass, but I finally asked her as innocent as I could if she'd like me to rub her back. She said yes.

I slipped my hand under the nightie and began stroking her back as we watched TV. Shit, I had no idea what was on the screen. Franny's skin was so warm and smooth and sexy, I was practically coming in my pants. I was dying to slip my hand around and go for bare tittie, but I was afraid to.

While I rubbed her back, she put her hand on my knee and began inching it upward on my thigh. Before I realized what she was doing, her hand Was cupping my cock and balls. I couldn't believe it.

Franny turned from the TV screen and smiled at me. "You want to do it to me?" she asked.

Oh my God, did I ever feel like doing it to her! I practically tore her nightie and panties off her.

While I stripped, Franny said "There's something I'd like you to know. Your father fucked me before he and your mother went out. His cum is still inside me. How does that make you feel?"

I was surprised how it made me feel. If I'd thought about it some other time, I think I might have been disgusted. But there, sexed up out of my mind and getting ready to fuck my father's girlfriend, it excited me. It must have been that Oedipus business I've read about, where fathers and sons are sexual competitors. Here, for the first time, I was competing with old Dad on an equal footing.

Or maybe more than an equal footing, according to Franny. When she saw my hard-on, her eyes lit up and she said, "Oh, my God, I can't believe it! I thought your father was hung, but you're even bigger!"

If I'd had on a vest, the buttons would have popped off it, I was so proud to hear that.

I did Franny up, down, and sideways. I sucked her tits, I ate her pussy, I fucked her on the sofa, on the floor, and standing up in front of a mirror. I came and came and came (and so did she), and my dick never laid down for the next two hours. It was only when we heard Mom and Dad's car pulling into the driveway that we threw on our clothes and sat back down in front of the TV. Franny is the wildest fuck I've ever had in my life so far. I have to give Dad one thing—he sure knows how to pick ■ lay.

Please don't print my name because there'd be hell to pay. Even though I'm almost ■ grown man, I still need Dad for the next four years of college tuition.

The models in STAG are luscious. I beat my meat ■ dozen times over Diane Riker in your October issue, and had wet dreams about Angela Romano from the November STAG.

I have only one complaint. Could we please see more black girls in your photo spreads? Although I am white, I find black girls very exciting. SYLVESTER STALLONE: The New American Hero

"IF YOU WANT REALISM," SAYS THE STAR OF ROCKY
"CUT A HOLE IN YOUR LIVINGROOM WALL"

There is something so significant about watching an underdog win an uphill battle that words alone cannot describe the feeling. In sports, arenas overflow with men who have tried and failed. To an athlete, growing old is the worst physical hardship and is as often his Achilles heel as are stronger, faster, better opponents. It is especially true in boxing that, even wearing padded gloves, men dig their professional graves very quickly, for in a few years even the toughest shells can be battered into luncheon meat. And when a long run loser refuses to fall, it is an almost beautiful tragedy illustrative of the pride that tempts younger, more agile fighters into the ring to begin with.

Sylvester "Sly" Stallone, looking droop-eyed like Robert Mitchum, punkish like Brando used to be, big, bullish, young, is the thirty-year-old *tour de force* behind a film called *Rocky*. Rocky is an aging boxer who finally gets his chance to go the distance with the world heavyweight champion, a colorful black fighter modeled on Muhammad Ali. Stallone himself went the distance with the film, writing the screenplay in three-and-a-half days of feverish activity after piecing it together in his head for a year. He also stars in the production after rejecting top billing names like James Cann, Ryan O'Neal, Burt Reynolds. "I wrote it for myself," he says simply. And he helped direct the action, including the fight scene choreography between himself (as Rocky) and Carl Weathers (as camp champ Apollo

Creed), which cost Stallone two broken ribs during sparring practice.

To guarantee that he gets what he deserves, Stallone also negotiated his own contract. It could well be that Sylvester "Sly" Stallone knew from the beginning what he had in his hand when he walked into the respectable offices of producers Irwin Winkler and Robert Chartoff, looking for backing to make the film. After preliminary offers of $20,000, and then up to $285,000 when the biggies were being touted about, Sly finally settled by making himself the star in the role of Rocky, taking $23,000 for the immediate work, and a ten percent piece of the net. United Artists premiered the film in Los Angeles, where 1,600 people tried to jam into an auditorium with 1,100 capacity. In New York the media gave the film almost unanimously rave reviews. (*The New York Times* wrote diffidently about it, as if to cast the one dissenting vote.) The film was so well received that United Artists decided to schedule it for an early national release, figuring it will gross in the realm of $40 million. That will make Sly Sylvester Stallone a very wealthy man by the end of 1977.

There is a conspicuous and healthy innocence about the public presence of Sly Stallone that is the result of making it in Hollywood before Hollywood made him. That isn't to say that Sly didn't try. He did, with bit parts in Woody Allen's *Bananas*; a brief parlay with Henry "The Fonz" Winkler in the snore flick *Lords of Flatbush*; and even a role in a New York nude stageplay about spouse swapping entitled "**Score**." After "**Score**," he says, "I felt such loathing for myself that I swore the next person who asked me to take off my clothes would end up with his nose permanently damaged." Nevertheless, when a well known director at a workshop theater asked him to take off his clothes, he did. In casting for a new role, it was required, but when the director asked that he—and the other candidates—rub one another's arms and legs, Stallone walked off the set.

No stranger to hard times, Stallone's personal uphill battle began in Hell's Kitchen, in 1946, where he was born. His mother was a beautiful woman, an aspiring actress who he says didn't have the cold-blooded instinct that is often required to give up everything from family to friends in order to acquire furs and fame. "She was from the university of the bizarre," he has said, "half-French, half Martian. She lives in a fantasy world."

His father, who now runs a chain of beauty salons, went around grocery stores "denting cans" in order to get a discount on them. Nor was Sly the most endearing child to have around (he claims to have swatted flies with a lead pipe on the fender of his father's Cadillac). However his parents didn't get along with each other either.

The Stallones moved to Silver Springs, Maryland when Sly was five. His parents opened a gymnasium, but divorced soon after. Sly, a quiet, unattractive kid ("I even had rickets") whose personality "was abhorrent to other children," spent a lot of time alone. He learned in spite of himself to enjoy his own company. When his mother and father separated, he went with his mother to Philadelphia, the city of brotherly love. Only this brother was treated as if he had leprosy. It's where Sly observed much of what became heartfelt scenes in *Rocky*—part of what makes the film believeable.

Sly lived with his mother when he wasn't being passed around to various foster homes. He also floated around in and out of different schools. "I went to fourteen schools in all, some Catholic and some public." He got beaten up, like most new kids in school. Thus he started lifting weights that his mother had brought from the gym. He still hasn't given up lifting. He doesn't smoke. Eats good food. It's a daily part of life, a necessity to maintain his 5'10", 180 frame. "I want to have a classy chassis," he says, adding, "you wouldn't put sand in your gas tank, so why put bacon, candy and junk in your body?"

It was Sly's physical prowess that won him a scholarship to the American School in Switzerland. There he worked part time as an athletic instructor to a couple of hundred American girls who came to gym classes but "didn't sweat. They got A's for attendance." It was a dream job that included acting as bouncer—protecting the girls from suitors who wanted nothing more than to get one of the broads into the woods for a little while. "Let's just say," he tells, "that I failed at my job."

Meanwhile, during one of the school's amateur stage productions, a professor was looking for someone to play the role of Biff Loman in "**Death of a Salesman**." Sly took the part, but on opening night, when he was supposed to be acting angry, he picked up a radio and hurled it into the canvas stage backdrop. The drop came down to reveal the stage crew smoking, drinking and "sniffing glue."

But the satisfaction derived from playing that part inspired Stallone to pursue a serious acting career. "I do not believe you can *learn* acting; I believe in instantaneous creativity. The more you dissect the creative mechanism, the more self-conscious you become. I don't polish my craft. I don't tune my instrument and I don't sit up all night sipping brandy and brooding about motivation. Either I can do it or I can't."

Stallone has reason to be optimistic. He came up from Hell's Kitchen, through a troubled and disjointed childhood, to a role in life as a struggling actor and writer—one who made it. He proves that it can be done.

"I'm tired of all these images of spiritually maimed people. I wanted to show for once the triumph of the human spirit. The movies don't give us heroes any more, only anti-Christs and hatchet-murderers. It's so easy to show your so-called hero staggering from flophouse to flophouse and ending up filthy, fat, naked and dead in a toilet, with a needle in his arm.

"This nihilistic idea that the only way to end a story is in the death of the human spirit has gone too far. They call it realism, but I say if you want realism, cut a hole in the wall of your living room and charge people $3 to sit in your front yard and watch."

He's been through most of what every struggling actor or writer knows he must do to stay alive until he makes it, either big or break even. He's lived out of lockers at the Port Authority bus terminal in New York City where he says, "I took a 25-cent locker and lounged around at night on a bench. But it's very difficult to sleep with someone sitting on your face. Then all my worldly belongings were stolen from my locker. And believe me, it's not easy to replace $7.50 worth of clothing."

Pride figures big in what Stallone does. When he was first seeing Sasha he told her he had to put in long hours because he was working on some big

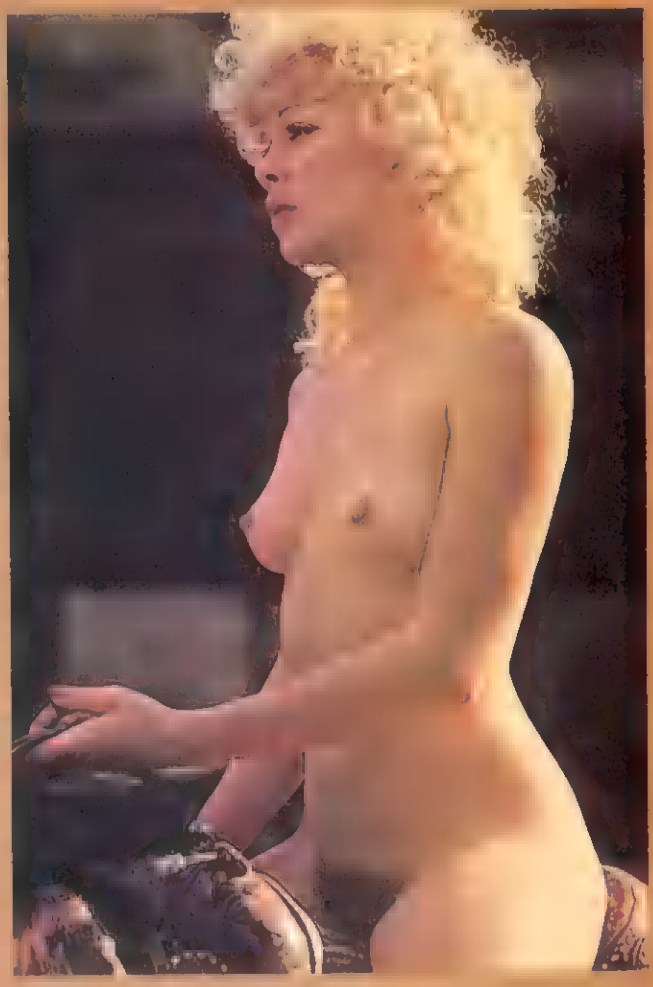
CISSY LOVES BEING ON THE SADDLE

A successful model at the tender age of 21, Kansas City born Cissy Harris explains why she loves her exciting and glamorous life:

"I'm an exhibitionist. I get turned on knowing men are looking at my body. The greatest compliment a man can pay me is to get an erection by just looking at me.

"When I'm posing for the camera or doing a private showing, I think of all those male eyes out there dissecting every inch of my body, and I get all wet and tingly inside.

"I get the same feeling while riding bareback, a hobby of mine. Riding a horse bareback is much like riding a man: you just buck with the rhythm of the ride, feeling all those powerful, hard-driving muscles slapping against your wet pussy on each downstroke and it feels so ***goooooood!*** I have orgasm after orgasm just riding around, wanting to stay in the saddle forever."



SHAKE UP YOUR SEX LIFE!

Rattle the old in and outs with some "good vibes" and open up a new world of quivering pleasures.

For reasons unexplained by any psychologist or manufacturer, no one has to be told that a vibrator can be used for masturbation or other sexual activity.

Out of this vibrators have carved a niche for themselves as useful tools in sexual therapy. They are especially helpful to women who are anorgasmic—meaning they do not have orgasms. Many men have found them helpful too, although the overwhelming majority of the users are women. Few sex therapists today would reasonably eliminate the possible use of vibrators from their treatment of anorgasmic women, simply because it is almost a surefire solution to the problem. And once that breakthrough has been made, treatment can proceed at a more progressive rate.

When you first start thinking about buying a vibrator to use for sex, it is best to shop around as much as possible. Some women may prefer a light vibration in masturbation. In this case, a hand-held vibrator is best. Choose one that is compact, one that fits pretty much into your hand so you can use it almost as an extension of your hand. If you or she object to the feel of man-made objects against your genitals, the Swedish style will provide both vibrations and the touch of your own hands. For use on the female genitals, the Swedish style offers a good deal of versatility.

The Prelude, from Sensory Research, is best suited as a sexual aid. Its design and intensity are just about ideal for this use—as they should be, since the vibrator was designed with that purpose in mind. The Prelude is meant to be used either alone or with a partner.

Many women who make a thorough personal study of vibrators prefer the larger wand-style type. The Panabrator, which was made by Panasonic and which is no longer being manufactured, is a favorite. Today the Hitachi massager may have replaced it. The wands generally are not easy to handle, as their weight and design render them slightly unwieldly.

The phallic, battery-powered vibrator, which is hardly recommended as a massager, is generally disliked by sex therapists and women who are aficionados of the vibrator. Feminists, who have made masturbation a part of their cause for women, call it a male chauvinist toy. At least one sex therapist claims that orgasm cannot be achieved through stimulating the vagina alone, and its penis shape, they say, promulgates the idea that there is only one way for a woman to have sex. Some women, nonetheless, do find it stimulating, despite its low vibrational rate and strength. And despite the feminist claim, there are many women who are attracted by the idea of a phallus.

Sex therapists don't recommend it since it really doesn't do anything to stimulate women who have a problem with orgasm or who are anorgasmic. This type of vibrator is definitely for the woman who is experienced sexually and who can be stimulated on a more sophisticated level. The phallic-type vibrator is generally found to be used by people of both sexes who are into a more advanced sex trip than is normally brought to mind when discussing lovemaking.

Which is best? None, all, or whichever one suits your or her needs or fancy. For a woman who has a problem attaining orgasm, the hand-held vibrator will be most useful. If you want something for two people, man and woman, to use together, this type is also the one most likely to succeed, especially if either partner is having a problem achieving orgasm. If there is no trouble along this line on either part, then you don't need advice, you need to experiment.

For the woman who has no problem achieving orgasm but no partner to help her get there, the wand type may lend itself best to her needs, since the vibrations are strong, and she is probably experienced enough to handle it.

For women alone or with partners who like a more sensual, low-keyed, sexual experience and who enjoy a great deal of tactile stimulation from the human hand, of course, the Swedish style is best. The Swedish style is probably the only one that has strong enough vibrations to stimulate a woman who has difficulty reaching climax and yet not be seen as a threat by the man in her life. Because it incorporates the human touch, he is not likely to see it as a substitute for his own genitals, but an ad hoc sex aid that will magnify the experience for both partners.

While some men and women have fun incorporating vibrators into their sexual activities, some people don't find any attraction to them at all. It is all a matter of mutual choice. If you and your mate do want to play with vibrators, there are a few things you should know.

On the positive side, the use of a vibrator by two people who have been having problems with their shared sex life, may provide a focus away from the problem. By making the vibrator "responsbile" for some of the success, you both may relax and enjoy each other more.

A woman who has learned orgasm with a vibrator and then wants to use it with her husband must have learned things she didn't know before. She may now bring her new awareness to their lovemaking.

When using a vibrator for the purpose of achieving or abetting orgasm during sex, you should know that the best position for coitus is no longer what is so unattractively called "the missionary face-to-face position." This, of course, is the woman on her back, the man on top facing down. There isn't any comfortable way you can bring a vibrator into play for this position without ending someone's erection and, perhaps, frosting over a potentially warm encounter.

The better positions for use with a vibrator during coitus are with some access either from the side or front of your two bodies. The most preferred is with the woman sitting astride the man's pelvis, he lying on his back. Another preferred position is that of a woman on all fours and the man entering from behind. An awkward but helpful position for many people, is lying side-to-side in some fashion of your own invention.

A woman should also be aware that if a man is mentally involved in her body during the sex act and is well on his way to a deepening sexual concentration, the introduction of a machine, vibrating, may suddenly stop him cold. She should work it so that the vibrator is good for both partners.

Timing is quite important in sex, especially when using a vibrator. If there is a nice segue from body to vibrator to climax, it can heighten and satisfy both of you. Ask her what turns her off, tell her what does the same to you. Introduce the vibrator if a problem seems imminent. If your partner is totally unreasonable, then it may be time for her to seek some therapy.

It is exactly because of this situation that sex therapists like Masters and Johnson have preferred working with couples. If both of you are having a problem—and you both are if one is not orgasmic—then both of you should work it out together, either from the beginning of treatment or at some early stage.

If a male partner is not threatened by the vibrator, there is a chance that he may not be excited about it either. If so, limit the use of the vibrator on his penis

CHARLIE
ANGELS

Article: By Richard Farrington

CRIME-FIGHTING POLICEWOMEN

CHARLIE'S ANGELS THEY AIN'T

In this world there are two kinds of police work: Charlie's Angels. And then real life. And never the twain do meet. I know this for fact. I spoke to people in a number of large urban areas for this report on women in undercover police work in the first decade of the women's liberation movement. And the concensus is, in no way does life mirror TV art. The women in *Charlie's Angels,* and in *Police Woman* never really get raped, get killed, get beaten up, get bored, get anything ugly. Intimidated, threatened and perhaps lightly injured, yes. But the ugliness always stops before any of those other things take place. You will not see a departmental inspector's funeral on any of the TV lady cop shows. The undercover women in real life have pretty much the same deal that undercover men do, a mean one, as the three chosen for this report attest in the following interviews. The names of these police officers have been changed to protect their jobs and insure their safety. Ironically, one of them, Dorothy Renfew of Los Angeles watches *Charlie's Angels* every chance she gets, with her knuckles pressed to her teeth to the very end. She loves it. She thinks it is the funniest situation comedy show she has ever seen. It makes her laugh. Real world police work mostly makes her cry, she says.

DOROTHY RENFEW, THIRD GRADE DETECTIVE, LOS ANGELES POLICE DEPARTMENT, AGE 29:

Charlie's Angels. . . . What a lot of crap that show and others like it are. . . . I'd like to see a law making that show a felony. Half the women signing on as recruits now think police work is going to be like *Charlie's Angels.* They're going to blow dry their hair and tuck some itty-bitty gun in their purses and go

Three actual female detectives blow the glamour lid off policewomen's work with a lowdown on how dirty, dangerous and sexed the work really is.

out and lock up the Mafia. Half of them drop out in the first month. There was one who didn't drop out, but should have.

She'd show up for hand-to-hand self-defense training with that haystack hair of hers the way Farrah wears it . . . I was her instructor one day. . . . Just to show her how impractical it was, I came at her like a guy looking for a little nooky and instead of grabbing her and wrestling with her like she expected, I just grabbed two handfuls of that hair, spun her around on the end of it and sent her sailing head first into a wall. She still refused to see the point, that all that hair was a great handle for any attacker to grab hold of.

So one night this recruit Patsy, and I are in my car. I'm driving her home after the four to twelve shift. It's about 12:30 P.M. At the same time we both see a woman running from one of those three-story wooden walkups poor people in Los Angeles still live in, then a man coming out after her, then the man putting a bullet between her shoulder blades. I'd have known it was a big-bore .45 or .44 without even hearing the bang it made. The bullet blew open a plate-size hole in the front of her blouse when it exited.

The man saw us even before we were out of the car, me yelling—"Police Officers, drop it." He was gone back into the house.

Patsy forgot the little she had learned at the academy about approaching and apprehending armed principles in a crime. And she disobeyed my order as her senior officer at that moment, to move in according to procedure.

Like the quarterbacks you see dancing around the TV on Saturdays, up the steps she went, zig-zagging and taking so much time about it, she was one swell target most of the way up the steps to the double glass front door. You could tell she'd seen Farrah or Kate Jackson do something like *that!*

You could hear this scared man yelling from inside, "Don't come any further cop, I don't care if you're a cunt, I'll shoot."

Now, when a criminal yells something like that at you, you don't go any further. For one reason, the fact that he hasn't just shot you already means that he doesn't really want to. But he's warning you that he's got limits beyond which you can't trespass. You don't have to go any further. You know right where he is. You use that time to assess the situation, talk to him, think about how you can call your backup fastest.

Not Patsy. In she went, even though I was yelling, ordering her not to. A real frontal assault. Now, I knew that somewhere, Patsy had some brains. Where? That's another story. I figured that, maybe, maybe for a split second, it crossed her mind that she was going to be wiped out. But why double back and admit she'd really goofed. No, she wanted to be the first cadet in her class to make ■ bust even before the official swearing in as an officer.

> "... the exit wound was just about as big and bloody as the woman he'd shot first had, only Patsy's was in the back."

And out she came. This time you could hardly hear the big bang at all. It was inside the hallway, muffled. But the exit wound was just about as big and bloody as the woman he'd shot first had, only Patsy's was in the back.

He was gone, out the back, leaving a trail of screaming Spaniards invoking God and cursing the LAPD.

Patsy, of course, was dead.

MAVIS BATEMAN, DETECTIVE FIRST GRADE, MIAMI, AGE 28:

One of our local underworld people decided no more free-lance call girls in his district. They were all going to work for him. He was doing some pretty bad things to the women who declined his generous offer to take half of their gross.

This new gal in town I'm talking about was in from Las Vegas. They say she was so successful because she could squat on pool tables and take eight-ball shots right into her elastic vaginal *lips.* She made $5,000 in her first week, we heard, and was laying everyone she could before the novelty wore off.

This old boy from our local underworld—call him John Boy, what the hell, have to call him something—called her about her tenth day in town and told her she obviously needed a business manager. He would be up to see her. He would straighten everything out. Go to hell, she said, everything was straight. She did not need a pimp.

This old John Boy called her one more time. One more time she said go to hell.

The next morning we found her in the marshes where some sewers let out near Miami International Airport. She was out cold. And this was a mercy. She had been forced to fellate four men,

> "... oral sex, he said. I could have walked out ... but you're not a policewoman unless you're willing to do your job ... So I closed my eyes, and did it."

she said it was, *after* they tore half the teeth out of her old head with some Vise-Grip pliers. . . . That was just one thing we knew this old boy John was doing. . . .

We decided to see whether we could set him up. Myself and two other female officers took a suite in one of the hotels, let out the word that we were lining up parties for a thousand a night that included a turn-on show in which I personally was had by a pet baby boa constrictor who did it with his head.

Old John Boy called. I pitched a bitch when he laid down his 50-50 terms and told him he could go to hell, but I pretended to see the fight when he suggested that my alternatives were ugly, and gradually gave in and told him to come up to the suite.

Now, I don't mind telling you I was scared. Sure, I was wired, and a male backup team was staked out in the hall and in the closets. But I was *scared.* What if this mean sumbitch caught on to me? What if he suddenly decided to put a knife in my middle? I could be deader than hell before the backup team even started out of the bedroom closet.

John Boy came to the suite. But he said that he wasn't even going to *talk* to me about business till I took him to bed and showed him how good I was, and *then,* after that, showed him the boa constrictor act.

Eek.

Without him talking for the Ampex tape recorders in the next room and spelling out his proposition, there was no case. He wasn't a mafi-bloody-oso, violating a lot of Florida state felony laws against forcing women into prostitution. He was just another man telling a woman he wanted to get laid, to put it bluntly. No case.

So I kept trying to get him to make his pitch all the while I was getting undressed, just praying and praying he'd do it and get me off the hook before I got all the way down to the bare and had to face the truth. Come on, huh, tell me just what the business arrangements got to be, huh? Right now, up front, huh? I'll lay you to waste, honey, anyway, I promise you that. But I'm just dying to know. I'm such a little girl, I just can't stand not knowing something, so tell me now, huh?

Didn't work.

I could begin by doing an oral sex act with him, he said. Voice cold as stone.

I thought about it one more time. I could have walked out and that would have been it. Nothing lost. But that would've meant I wasn't really a policewoman. You're not a policewoman unless you're willing to do the job *all* the way, no matter how *ugly* it is.

So I closed my eyes, and did it. I shivered. He thought it was passion.

I had to go to bed with him, too.

A Wild California Cocktail

TWO INTO THREES

What can a wife possibly give a husband who has everything for Valentine's Day? "How about another woman," Ginger thought.

Frank Ferris could feel his excitement growing in his groin the minute he unlocked the front door. It was Friday. He had been thinking about his wife all the way from the factory. He had thought about Ginger naked. Ginger's breasts. Ginger's strawberry-blond snatch.

He entered. The living room was quiet. So was the kitchen. Frank unbuttoned his shirt and unbuckled his belt as he walked into the bedroom of the small tract house. Ginger was in bed, waiting.

Every Friday it was the same routine. Ginger would be waiting for him when he came home. They had one roll in the hay before dinner.

"Hello, honey," Ginger purred. She was green-eyed, red-haired, and built for speed. She lay under the bedsheet which outlined every sweet curve of her body. Frank could detect the erect nipples, the sensuous bulbs of her breasts, the mount of her belly and the darkness of her triangular bush.

He was throbbing as he pulled his belt out of his pants.

"Hello, baby." His slacks slid down his legs. His genitals flew free of constriction.

Ginger looked at his engorged cock and her eyes brightened.

He came over to the bed.

She reached out and took his erect member in her hand. He felt it pulse in her fingers.

He leaned down and kissed her mouth.

Erotic Fiction by Max Day

"Take it easy." If she played with him too much he sometimes went dead. Instantly she released him.

He flipped away the sheet. Her strawberry nipples were bursting erect, the bulbs of her proud breasts gleamed ivory. Her round belly sloped down into her strawberry blond pubic triangle, as ginger-colored as her hair. Her long thighs stretched out, unbelievably lissome.

He lay down and played with her breasts. She relaxed, looking blissfully at the ceiling. He reached over and inserted his finger in her vulva. He could feel the clitoris tighten and swell against his fingers.

Eyes closed, she began switching her hips against the rhythm of his moves. Her hand trailed across his stomach and grabbed his shaft. He rolled over on her, taking one breast in his mouth. He sucked the nipple, the silken flesh pressed against his palate and tongue.

She groaned and writhed under him. Her hand tightened on his penis and she pulled it into her belly, pressing it into her warm moist vulva. He could feel himself going in, sinking deliciously into her pulsating body as she strained to receive him.

He pumped once and came.

"Damn," Ginger complained.

He lay on her, flaccid, inert, done.

"Damn, damn, damn." She glared at him with her fiery green eyes. He was sweating.

"You didn't wait for me!" she cried.

"I'm sorry, pet."

She rolled away, blinking her eyes against tears. Then she reached down and inserted the fingers of her right hand into her vulva and masturbated herself skillfully. Within a few moments, groaning and arching her back, she brought herself off. In ecstasy she collapsed back on the pillow.

Frank watched her morosely.

"Our love-making is strictly for the birds." Her eyes seemed distant, but he could tell her mind had hold of something she wanted to tell him.

"Baby, I've tried to wait for you—"

"We need a change." The green eyes now watched him carefully. "Do you know what a troika is?"

"It's something Russian. A three-horse carriage, I think."

"I've been trying to think of something to give our sex life a lift. And I think I've got it. Next week is Valentine's Day. I'm giving you a present."

"What?"

"A very special present. I've arranged with Paula to join us."

"Join us? In bed?" Frank's eyes popped.

"Yeah. They tell me threesomes are fun! You've got to admit our love life is spinning its wheels, getting nowhere. How about it?"

"She was insatiable and a good piece of ass. Besides that, he loved her. If she wanted Paula in bed with them, what the hell?"

"But isn't that Wednesday night? Wednesday is my poker game."

Every week Frank was free to go out with the boys of his poker club. Thursday was Ginger's free night to go out with the girls of her bridge club.

"Well, what about Monday? It doesn't matter what night it is, just so it's a Valentine Day present."

"But, Ginger. It's—it's queer!"

"Not at all, love! It's just a different approach. Evil him who evil thinks! That's what the Frenchman said."

"Well, who the hell is this Paula? I haven't heard you talk about her."

Ginger eyed him. "She's in my bridge club. I think she would give our sex life the boost it needs."

Frank bit his lip. "Just because we don't always come off together to thunderous applause, I don't see why we have to inject something *weird* into our married life!"

Ginger stiffened. Then she smiled. Frank could see her tiny white teeth. She took his face in her hands and leaned over and kissed him deeply on the mouth, tonguing him and fluttering the sides against his teeth.

He went weak. And he was erect again.

"Pretty, please?" she whispered.

He rolled her over and thrust his erection into her, settling into her warm flesh. He rammed into her and she received him, pushing her belly up against his hips. He came rapidly in her, and she held him while he shriveled.

"Pretty, please?"

He lay back, exhausted. Why not? She was insatiable, but she was a good piece of ass. Besides that, he loved her, and he knew she loved him. If she wanted Paula to join them in bed, what the hell? He'd had plenty of other women throughout their marriage.

"Frank watched his wife going through orgasmic convulsions and suddenly he knew why she had ordered this Valentine's Day mixture. It wasn't for him at all!"

Why not indulge his wife and get a nice, new piece of ass in the bargain.

"Sure, baby," he finally said.

She chuckled deep in her throat, and kissed him. It flashed through his mind that she was too damned eager to share him with another woman. He wondered what was really cooking in that enigmatic little mind of hers.

Paula Hotchkiss was a lusty, black-haired, olive-skinned woman about twenty-five years old, with smouldering, almond-shaped black eyes and a wide, sensuous mouth. She was five feet ten, with a bust that measured at least thirty-eight inches and a tiny, wasp waist. Wide hips flared out against the skin-tight slacks she was wearing.

She sized up Frank Ferris with a faint, appreciative smile, and turned to Ginger who was standing beside her in the Ferris bedroom.

"Oh, he's a pretty man." Her voice was husky, seductive, and charged with sex.

Frank felt the sweat begin to trickle down his sides. Frank could feel his crotch begin to itch and burn.

"How does this troika work?" he asked.

"It's as easy as one, two, three," laughed Paula. She reached down and slipped her tight jersey blouse over her head. Her long hair fell down over her large, freely swinging breasts. The expanse of her breasts was phenomenal. Her nipples were larger than Ginger's, and reddish-brown in color.

Paula pointed to Frank's shirt and flicked her finger. He began stripping. Ginger unbuttoned her blouse slowly, staring at Paula's breasts.

Down came Paula's skin-tights. She had nothing on under them. Her triangle stood out proudly. A mossy black arrow directing Frank to the concealed goodies below.

Paula unzipped his slacks, letting them slide down over his throbbing crotch. His genitals sprang free, red and pulsing. Paula nodded, regarding them clinically.

"Come over here," she told him, climbing onto the bed. He followed. "Down," she said, pushing him onto the bed. His crimson cock waved in the air. She gestured to Ginger to strip. Ginger obeyed.

Paula climbed onto Frank, straddling him, face to face. He looked up into her smouldering black eyes, watched her tongue peeking out of her lips. Leaning over him, she brushed his lips with hers, plunging her fiery tongue deep within his mouth for a moment.

His hands grabbed at her heavy breasts, but she slapped him playfully away. She swayed above him, letting her breasts brush his chest.

Past Paula's shoulder he could see

Ginger, standing stark naked, playing with herself, her nipples erect and red, her eyes watching Paula's shapely buttocks as they waved back and forth. A tiny stream of saliva trickled down Ginger's chin.

Paula lowered herself over Frank, letting her hard nipples swing over his mouth. He willed himself not to come, but he could feel the blood race through him and knew he was right at the finish line.

Then Paula reached around with her right hand and grabbed his straining penis. Frank arched his back and drove his head down into the pillow. She slid her buttocks back over his throbbing cock and then leaned down while feeding him her left breast.

He tongued the bright glistening nipple.

"Bite me," she commanded.

He did. He could feel himself going into her anus, bursting to ejaculate.

She shivered over him, released his penis by rising from him, then grasping it in her left hand and directed it into her moist, wide-open vulva. He could feel the warm lips of it close around him, and he almost came as the pleasure flowed through him like wine.

She thrust herself down further and further, until he could feel her buttocks pushing against his testicles. Sitting upright, she placed her legs straight alongside his body, her toes tucked under his armpits.

He reached up to take her breasts again. "I'm going off any minute!"

"Put a lid on it," she commanded. Paula reached around and motioned Ginger onto the bed with them. "Spread," she ordered her. Obediently Ginger stood on the bed facing Paula, her thighs up against Paula's face.

Paula began playing with Ginger's clitoris. Ginger shuddered, closing her eyes and clutching her own breasts. Paula gripped Ginger's buttocks, pulled her snatch down and covered the ginger patch with her mouth. Paula's tongue thrust out like a tiny red sword into Ginger's cunt. Then, quickly, she lipped the clitoris, feeling it swell against her tongue.

Frank could not see clearly all that was happening, but he could see that Ginger was no stranger to Paula's caresses. Frank was about to speak, but just then Ginger shuddered and gave a shout as she squatted there holding Paula's face tightly to her cunt.

Frank watched his wife shaking and going through orgasmic convulsions and he suddenly knew why Ginger had ordered this special Valentine's Day threesome. It wasn't for him at all. It was for her. Yet he could not feel angry. He was so pleasured that he lay there and held his wife's buttocks as her cheeks shook in his hands.

THE SISTER ACT

"We started when we were about fourteen," says Jennifer. "We'd always looked exactly alike, and our mother seemed to get a big bang out of dressing us the same way." "So one day," Virginia picks up, "I walked into the bedroom and there was Jenny, lying on the bed with her legs open, fingering herself." Jenny laughs at the memory. "Ginny just stood there, looking confused," she smiles. "I remember asking, 'Hey, Jen, why are you doing that?'" Ginny adds. "So I said, 'Because it feels so wonderful,'" Jenny recalls. "Then I looked up at her and said, 'Come here, I'll show you.'" "From doing it together," Ginny says, "it was just a short step to doing it to each other. And from fingering our little, hairless cunts, we moved on to kissing, nipple-nibbling..." "And sucking," Jenny finishes. "I love going down on Ginny. When I put my head between her legs and taste her love-juice, I know that my own tastes exactly like that to her. When I hear her moan and say, 'Do me, do me,' I know exactly what she's feeling—because I can feel it when she eats me." "That's the thing about making love to Jenny," says Ginny. "It's just like making love to myself."

deals. He said he could therefore only see her on weekends. Actually, he was working in a deli at night, and one evening she walked in while he was wrapping a chicken. "If you ever saw a 180-pound body trying to stuff itself inside a chicken, then that was the night." In his embarrassment, he became angry and shouted, "How *dare* you come in here! Can't you see I'm preparing for a role?" Sasha, undaunted, replied, "I'll have a ham sandwich to go."

After work Stallone went to her house, where, he says, comparing himself to Stanley Kowalski in *A Streetcar Named Desire*, he stood in the street shouting "Sasha. Saaahshaaaaa." Sasha looked down at him from the window in the night and called, "So now you're making home deliveries, too?"

They've been together for five years now, two of those five married. Their recently born son, Sage Moonblood, was, according to Sasha, "totally planned astrologically. He was born on the day and hour that I wanted him." The Stallones live in a modest rented apartment in Hollywood with their 145-pound bull mastiff, Butkus, whom you can see in *Rocky*.

Sly has come a long way from his days as a "cerebral tortoise," when he was being rejected and ejected from one school after another because he was as much a deviate as any "nutso." He even took a turn at beauty school, where "after 300 hours of pincurls my hands were stiff with lotion, but I grabbed a razor and scalped a row of mannequin heads. . ." and put an end to all that. When he returned from Switzerland to the U.S., after his endurance training, there were two long years in Miami at the Ring Theater in training. They told him he was bad. . . too bad to stay. He went away and practiced the psychodramas at home, alone. Meanwhile, he kept busy with Sasha, more writing, bit parts, odd jobs, weightlifting. Sasha was a waitress during the day and typed his manuscripts at night. Finally, New York won. Sly and Sasha took off for Hollywood.

Now a frequent guest on talk shows like Johnny Carson (all a part of the promotion, though he might prove to be a draw himself), Sly sermonizes against the violent nature of Americans, the American media. The upbeat ending of *Rocky* is antithetical to much of our regular programming in that it shows the positive sides of life instead of death and destruction of nihilism. Stallone is also typically Latin in his reaction to certain crimes like rape and pederasty: castration or death. He cautions that the public might be better off watching people be executed on Sunday nights at eleven, instead of the news. He has a gun fastened by his door and knows how to use it. He claims he isn't afraid, and only uses it to shoot targets. He paints to relieve frustration and writer's block. "I take the worst paintings out to the range and shoot them up."

Where there's hope, there's a future. With a sense of humor and a sound reason for moving ahead, Sly Stallone is likely to become as familiar to audiences as Brando. The character who sometimes calls himself a bum in the morning (we all do), is making it (we all can).

NEWS MAN'S MAG USE

STAG FLASHES

THE YANKEE SHERIFF

New York Yankee pitcher, Catfish Hunter, carries an odd good-luck charm in his pocket each time he pitches. The charm is a deputy sheriff's badge from his home county in North Carolina.

Catfish was deputized half-jokingly by the local sheriff on a recent visit to North Carolina. Jokes aside, the badge makes it legal for Catfish to carry a gun and even make arrests.

Batter up, anyone?

NEW BOAT MATERIAL

Before you buy a fiberglass boat, be certain to ask around about Kevlar. This new boat material is much stronger than fiberglass, and competitive in other important qualities.

In tests, boats made from this material have withstood poundings with a sledge hammer and even repeated drops from as high as 20 feet.

The only drawback at this point is the slightly higher cost of a boat made from Kevlar. But when mass production begins, this disadvantage is expected to be removed.

NEW DEBT COLLECTION LAW

If a debt collector has ever harrassed you unfairly in order to collect money, rest easy. Help is on the way.

In March, a major new law goes into effect, making it illegal for a debt collector to use any kind of deceptive or "extortionist" tactics to make you pay. Forbidden practices include threats of physical violence, threats to confiscate property, and threats to tell your employer about the money you owe.

The law is called the Fair Debt Collection Practices Act. Read up on it the next time a debt collector calls. You may have more rights than you think.

BULLSHIT REPELLENT

One of the hottest novelty items to come along recently is a scented aerosol spray by SYD-ART NOVELTY COMPANY, 147 West 22nd Street, New York, New York 10011.

What makes the spray different is the label on the can, which reads: "BULLSHIT REPELLENT". The label goes on to claim that the contents of the can "Helps Prevent and Cure Chronic Bullshitting".

TRACKING DOGS

Ever wonder how a bloodhound really follows a human trail? The answer's simple.

The human body is constantly shedding microscopic particles of dead skin called rafts. These rafts fall to the ground with a person's scent clinging to them, creating a sort of superhighway of smell that a trained dog can't miss.

Obviously, this means that the best tracking conditions occur when there is a little moisture on the ground to make rafts cling. The worst tracking conditions occur when it's dry and a wind is blowing hard enough to scatter rafts over a wide area.

BEER RIP-OFF

The next time you fork over a buck or more for an imported beer, look carefully at the label. A lot of so-called imported beer is actually made in the United States.

That fact came to light recently when domestic beer producers squawked about the deceptive advertising. The result is an order that the label on a bottle of beer can't say 'imported' unless the brew is actually brought in from another country.

EAT YOUR LIVER, IDI

The latest horror story to come out of the troubled African state of Uganda is a hush-hush allegation that President Idi Amin likes to eat liver. Human liver, that is.

The Ugandan madman reportedly dines quite frequently on the liver of political enemies he has killed. Supposedly, Amin believes this allows him to partake of his victim's strength.

WORLD COLLAPSING?

Remember a while back when scientists were saying the universe is expanding into interstellar space? Well, forget that.

Now, it seems, the men in white believe that the world is actually shrinking. The planets, stars, everything out there is rushing together at a frightening speed. Eventually, they say, the whole she-bang will implode (a sort of ass-backward explosion) and become one huge glob of lifeless matter.

What a way for things to end, huh?

CRIME GOES RURAL

So you think big cities are where all the crime is occurring nowadays? A lot of it is, to be sure, but the latest FBI figures indicate that the area where crime is growing fastest of all is in the country. Yes, out in the boondocks.

Everything from theft to murder is skyrocketing in rural areas, according to the G-Men. One crime in particular that's increasing in the country is big-time market hunting for wild game. Highly organized bands of thugs are jacklighting thousands of deer, slaughtering alligators, and dynamiting gamefish.

and *never* use it on his testicles, as this can be very painful and maybe even damage his gonads. Remember that even if a man likes the vibrator, prolonged use of it on his penis may desensitize him to such an extent that it will be difficult for him to achieve climax and may end his erection. This "numbing out" phenomenon is common with vibrators. Sparing use of the vibrator is a good, general rule to follow if you want to heighten your pleasure.

If a woman has been using it for masturbation, she has a pretty good idea of how to use it on a man's penis. The same touch and pressure that stimulates her will have the same effect on him. It should also be remembered that the area of the pubis is very responsive sexually and a good place to use the vibrator. Even during orgasm, an introduction of the vibrator deeply pressed into this area may heighten the pleasure of the climax for both of you.

The buttocks and the small of the back are generally good areas for sexually stimulating either a man or a woman, as well as the area between the genitals and the anus. Some men are sexually sensitive in the anus as well, if it is stimulated properly, and the Swedish-style vibrator, having less mechanical connotation, may be acceptable to him.

The stimulations of a vibrator can be used favorably as an adjunct to foreplay as well as an aid to orgasm—especially if one of you happens to have a hang-up about touching. The use of a vibrator may act as an introduction to the joys of sex. All of them.

Many men feel intimidated by vibrators. Sometimes this is because he doesn't quite know what she's doing with that machine when she's home alone, and it threatens him in some way. It is not unlike having a doctor recommend that his wife learn how to have sex with another man—and he understands, doesn't he? He usually doesn't. Often he sees the vibrator as a human thing and feels left out.

Sometimes a woman wants to incorporate the vibrator into their relationship as something a few levels above a sex toy and a few notches down from Another Man. In this case the man is puzzled, especially if the vibrator doesn't turn him on in any sexual way. It becomes to his way of thinking not Another Man but, worse, Another Penis. He wonders what's wrong with the one he's brought to the situation. She feels trampled if he insists it goes; he feels inadequate if she insists it

SHOSHANA
crazy about
american
nuts

Part Portuguese. Part Spanish. All woman. This raven-haired beauty recently emigrated to the United States from Brazil, because, as she puts it, "I love American men because they're so sexy and nutty, like me."

Shoshana had her first taste of American nuttiness and sexual prowess while working in Rio as a secretary. "He was a businessman who took sex very seriously, as if it were the most important and most special thing for him. He made me feel the same way: special and important. But, also, he was able to laugh and make jokes while making love. It was very refreshing, after being with Brazilian men who take sex much too seriously, because they are too hung up on their *machismo* and their performance to relax and make jokes.

Shoshana now lives in Los Angeles, working as a bilingual secretary. "I am having the time of my life being free, being myself. And I was not wrong about American men. They are as free and funny and good at making love as the businessman I met in Rio.

"Now I can really go nuts over American men."

POLICE-WOMEN

continued from page 42

I got out of the pet boa constrictor act by telling him that the critter was in the vet's for shots.

But old John Boy had had enough to please him without a snake act. He said I would do. A little more of that passion on the oral sex, and the customers would love me. And then he said, so okay, here's what the deal and split is going to be. . . . Take it and don't you go to bed with another man in this town, not even your own husband if you have one, or I'll break your bones with a hammer one by one starting with the toes. If you ball in Miami, you ball for me.

We had him. He had just hung himself, the beginning of a very solid case. Extortion, compulsory prostitution, everything.

And just about two weeks after that my job really got rough—at the precinct. There were a number of reasons. One, was the grafitti. "Bateman Eats It." Like that. Another was the copies of the tape of me and John Boy they made and passed around the squad room. Another was the passes a couple of my brother officers made. None of them had ever asked me to go to bed with them before. One was really annoyed. What the hell, he said, pimps were good enough, but policemen weren't?

If a male policeman does a similar entrapment on some woman, he's just doing his job. When a female policeman does the same thing with a man, she's a whore.

That's what I mean.

As long as there's that kind of double standard still, women in police work haven't moved off the dime in the past ten years.

That's why I'm still here. I'll be goddamned if I let those toads at the precinct get under my skin. I'm sticking to my guns, literally. I'm gonna be the best goddamned policewoman this city's ever seen.

NINA SULLIVAN, DETECTIVE SECOND GRADE, NEW YORK CITY POLICE DEPARTMENT, AGE 26:

Sometimes your so-called friends are more dangerous than the crooks you deal with. They never let you forget you're a cop. Somebody's always resenting you, not because you're a cop, but because you're a lady cop. Why aren't you married having babies like some normal woman? That kind of thing. There's something about a woman being a working policewoman that frightens a lot of men. I used to be an attractive woman they might want to take to bed or even marry. Now I'm a threat to their manhood. I don't get asked out on nearly as many dates as I used to.

The other night one even told me he was going to beat the shit out of me to teach me a lesson.

He's a man from my precinct neighborhood in Brooklyn near Bedford-Stuyvesant. I've known him for years. We went to high school together. Even had a few dates then. He's a bad-ass now. Not much visible support and a street fighter with a reputation for being pretty good at it, and mean. He counts his scars in linear inches. Fifty-one so far. He's trying to move up in the Brooklyn mafia structure. Some people say he's carried out one contract already, a union organizer somebody threw into an operating cement mixer a while back. But there's no proof.

I collared him a while back for possessing cocaine. He's still waiting for trial on felony charges on that one.

And the other night, I find him following me from the bus stop. I am off duty. He says I have humiliated him in the neighborhood by arresting him. He has lost respect, being arrested by a woman. He is going to kick the shit out of me for that.

Women get out of line they get beaten, even when they're cops, he says.

Then he ups this fist from down around his knee. It lands square on my nose. Cartilage and tissues are

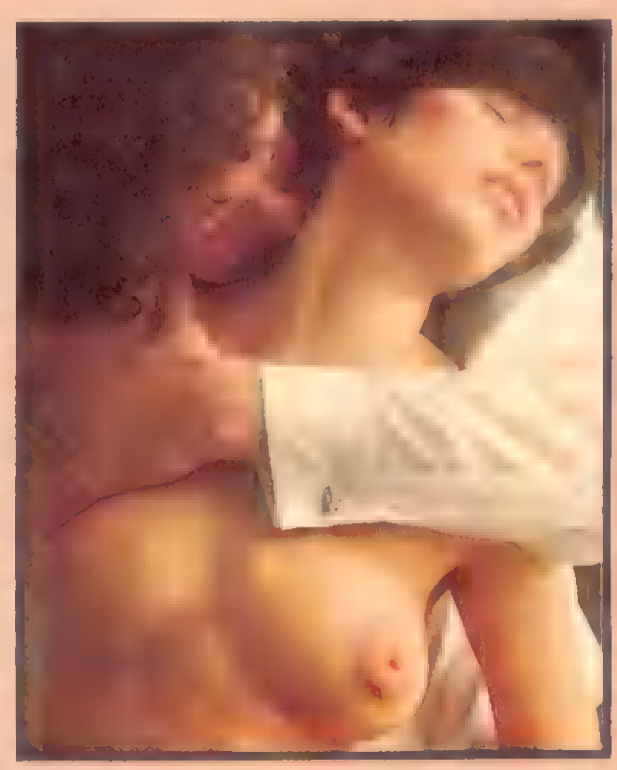
YOU ASKED ABOUT SEX

A sensual and informative dialogue between renowned sexologist Dr. Jane Calder and Stag readers



UNEASY ABOUT S-M

Dear Dr. Calder:

I'd been dating this woman I'll call "Cathy" for several months and had a very satisfying sexual relationship with her. Then one night after we'd had intercourse, she asked me, "Any requests?" No one had ever asked that before and I didn't know what to say. Obviously she wanted to experiment, so I encouraged her to suggest sexual variations. Boy, did she shock the socks off me—not only with originality, which I liked, but also with some very heavy sadomasochism! First she wanted a little fanny-paddling before "doggie-style intercourse." Then it got rougher, till she had me slapping her really hard, tying her up, even beating her with a leather belt.

I don't especially get off on this, but I'm happy to do it if it turns her on. What I'm worried about is, how far can one go without being involved in something that's distinctly abnormal? Also, how can I know if I'm in danger of really hurting her? She likes to protest through the whole act, so I can never know whether she's really being hurt or just doing her protest routine. —D.W., Old Forge, Pennsylvania

Dear D:

I make it a point never to think about what acts as "normal" or "abnormal." These terms have nothing to do with whether an act is good for you or bad for you. They simply represent the opinions of certain physicians or other scientists about whether it is common for people to do these things—and why should you care about that?

The kind of sadomasochistic activity you are talking about certainly does not merit your description, "very heavy." I would say that except for the belt routine, it is very *light*. And the belt qualifies as "medium heavy" at most. To call a sadomasochistic act "heavy," I think, it would have to be an act that breaks the skin or in some other way runs the risk of permanent scarring or causing serious injury to you or your partner.

Light S-M, like spanking, paddling, tying a person up, etc., or even medium-heavy stuff like strapping with a belt, have never been proved psychologically or medically harmful—provided, of course, that you take care to avoid injury. Your letter reveals that you are very careful on that count, so stop worrying about the "normality" aspect of what you are doing.

As for how to know when you're in danger of really hurting Cathy, give her a code word—"Final!" or "Enough!" or something similar—to say whenever she *really* wants you to stop. Of course, if you're ever in doubt that you might be hurting her, stop instantly without a command, coded or otherwise. Some partners, in the throes of masochistic arousal, fail to actually feel pain, or, if they feel it, are enjoying it too much to tell you to stop, even though they are risking serious injury.

As for yourself not being especially turned on by S-M,

Well-known psychologist and sexologist Dr. Jane Calder is the author of *Women's Sex Talk*, published by New American Library, and many other books and magazine articles. Dr. Calder regrets she cannot reply privately to each inquiry, but she will gladly answer readers' questions sent to her at STAG, 888 Seventh Avenue, New York, New York 10019. All inquiries are treated in strict confidence.

why not tell her about the things that *do* turn you on—inventing and initiating your own sex games rather than leaving all the invention to her?

FAT POWER

Dear Dr. Calder:

I've found that really fat chicks [redacted] much better lays than ordinary or skinny chicks. They have tighter cunts, they're easier to seduce, and they perform much better in bed. Why should this be? And how come no psychologist ever writes anything about fat power [redacted] path to sexual excellence? —Ron, New Canaan, Connecticut

Dear Ron:

Vaginal "tightness" is not related to weight. It results from the woman's being able to tense her vaginal muscles. There's never any fat *in there!*

However, it's possible that some overweight women feel a need to try harder to get and keep [redacted] man. Therefore, these women may say yes more readily and work more energetically at being good in bed.

Probably the reason you've not [redacted] anything written about this by psychologists is because the sexual performance of various body types would be rather difficult to measure.

DOG ACTION

Dear Dr. Calder:

I recently discovered why dogs are called "man's best friend." I acquired two German Shepherds, one male, one female. The male is always hot, the female only occasionally. But when they are hot, they will do all kinds of things to me. They will lick my penis to erection and climax. The male will try just about anything to get his tongue and teeth into my ass. He also likes to be masturbated, though not as much. The female lets me fuck her but is not crazy about it, even when she's in heat. Neither one will let me put my penis in his or her ass.

What is your opinion of all this? Is there any harm that can come to me from it? How about to the dogs? Is it very common for dogs to respond this way with humans? If I shoot a load into the female, can she become pregnant? (Up till now I've been using a rubber.) If she gets pregnant, would the baby be half-human, half-dog? Or what combination?—J.C., Michigan City, Indiana

Dear J:

The scientific literature on human sexual relations with dogs is not very extensive, so we really have no way of knowing how common relationships like yours may be. I think it's safe to say, however, that most humans prefer other humans, and therefore the full potential for human-dog liaisons remains unexplored.

As for harm that might befall you, though I pretend no expertise on the behavior of canines, it seems pretty obvious that one very harmful thing might happen: the dog might bite. Even if the bite is not serious enough to mangle your genitals or sever a blood vessel, you can get blood-poisoning, rabies, or other diseases simply by the dog's saliva entry into your bloodstream.

As for harm that might befall the dogs, the female's vagina might be stretched irreparably if your penis is unusually large. Other than this I can envision no injury.

You needn't worry about impregnating [redacted] dog. Human sperm does not impregnate animals.

GIRLFRIEND AVOIDS [redacted]

Dear Dr. Calder:

My girlfriend and I started dating one year ago. She was 21 at the time, I was 24. We did not have intercourse for the first three months, because she wouldn't let me. Finally we did it. She was not a virgin, but she told me there was only one other man in her life and he was a year before me. She only had intercourse with him several times, then she stopped seeing him.

After our first fuck, [redacted] did it steadily—not quite every date, but at least every other date. This lasted for about three months. Then it started slackening off. Now I am lucky if she wants to do it once every three or four dates.

She has had a very strict religious upbringing. I think this is part of the reason she doesn't want sex more often. I think she feels guilty because we are not married. Maybe if we got married she'd lose this guilt and want to do it as often as I do. Do you agree?

I love this girl very much, and we have already talked about marriage, but I'm afraid to make any definite wedding plans because of her sexual attitudes. Suppose we get married and she still doesn't want to do it! What is your advice?—M.L., Don't Reveal the City, Colorado

Dear M:

It's difficult enough to diagnose sexual problems when someone appears personally for a consultation. When the facts [redacted] transmitted second-hand, it's next to impossible. However, based on what you've written, I'd say the following:

1. It's certainly possibly that her aversion to more frequent sex is related to guilt feelings. Judging from what you say of your affair and her previous experience, she definitely is not favorably disposed to premarital sex.

2. Negative feelings toward premarital sex are often only the tip of the iceberg—part of a far-reaching syndrome in which everything having to do with sex is regarded negatively. Such feelings are not easy to overcome, even after marriage. They appear to be especially acute in people who have had a deeply religious upbringing in a faith that regards sex as evil.

3. It is extremely unlikely that her sexual habits will change overnight if you get married. You may safely predict

that it will take a year or two for her negative feelings to be overcome—if they are overcome even then.

Everything I say here is extremely tentative, of course, because there is always the possibility that you are not reporting the situation accurately. For example, while your letter does not indicate this, there is a chance that she may not have been all that reluctant to make love to you for the first time—you simply were not as forceful as she wanted you to be. Then she may have lost some of her enthusiasm for sex *not* because she had guilt feelings, but because you did not give her the kind of stimulation she requires for full satisfaction. (For more on this subject, see the next letter.) I don't say that this *is* true, mind you; I'm only saying that it is a possibility.

My suggestion is that you have a long talk with her about your and her sexual feelings. Get out in the open everything that you've told me. See how *she* reacts. Get *her* version of the story. Perhaps it would be helpful for both of you to have a session or two with a professional counselor.

In any case, I think you are wise to be cautious about marriage. Sexual problems are one of the main causes of marital dissatisfaction. To get married before your problems are solved would be, in my opinion, an invitation for even more trouble.

SMALL TIMER?

Dear Dr. Calder:

This may sound crazy, but here goes. I don't have an overly big penis but I had always thought it was a good size. Now I don't know. I've read where women talk about "big ones," and I've seen pictures of men with real whoppers—some of those guys in PLAYGIRL are not to be believed—and I feel a little ashamed. My 6 and ¾ inch "hard" is clearly small-time in more ways than one.

Is there any *way,* like pills or hormone shots, for men to make their pricks bigger, as women do with their boobs? Also, when I have intercourse with a girl, I have a lot of trouble coming to a climax for a second or third time. I know men who say they can come five or six times in a row with very little time in between. How can I achieve this?—Curious, Takima, Washington

Dear Curious:

When push comes to shove, some of those whoppers you've seen photos of may not be as big as you think. Studies reveal that the bigger a penis is when flaccid, the less it tends to grow during erection. A penis that measures only an inch or two when flaccid may erect to six or seven inches, while one that measures five or six inches flaccid may gain only an inch—or nothing at all.

Your 6 and ¾ inch "hard" puts you somewhat above average, statistically speaking. Most men have penises in the five to six inch range when erect. It is rather unusual for an erect penis to be longer than seven inches and extremely unusual to find one longer than eight.

If you had one of these whoppers, you might wish you didn't. While it's true that some girls go ga-ga over real biggies, it's also true that some prefer small penises. They'd rather be tickled than choked.

Most women, in my experience, don't really care very much about penis size. During intercourse, a woman's principal stimulation comes from the pressure of your pubic bone against her clitoris. A large penis doesn't contribute to this stimulation in any way, and if it's very large it may even diminish her pleasure by creating distracting pressures inside the vagina.

In sum, it's not the pen, it's the *penmanship* that interests most women! In any case, there is no safe way for an adult male to enlarge his penis. Silicone implants, stretching devices, or any of the other techniques that men have tried do no good and may do considerable harm—for example, interfere with the penis' blood supply, thereby causing impotence.

Regarding those men who say they climax five or six times in a row with very little time in between, either they are very young or they probably are lying. The older a man gets, the longer it generally takes to achieve a second climax. Very few men can manage five in a row, even in their teens. Four climaxes in short succession are extremely unusual after age 20. Two in a row are unusual after 40.

There is no known way to shorten a man's recovery period, nor would there be much value in doing so. Women may get an ego boost from making a man climax a number of times, but what really counts to most women is what kind of stimulation the man provides *before* he climaxes. Meanwhile, most men find that intensity of orgasm is a much more important factor in their satisfaction than number of orgasms.

ACTIVE LADY TRUCKER

Dear Dr. Calder:

I am 20 and a female truck driver. I'm 5'6", 185 pounds, 38 double-D Breasts. I've been having sex for many years and have not yet been satisfied in any way—regular, oral, etc.

I can have sex with a fellow for eight straight hours, then when my husband comes in from work I can go for another three or four hours and still not feel satisfied. Sometimes when I'm on the road I'll screw nine or ten guys in a row without getting off.

I've even thought about another woman, if it would help. I've never taken the Pill or anything else to stop pregnancy, so my problem has to be in my own make-up. Frankly, it's driving me nuts!

Don't get me wrong, I *dig* fucking. And I dig lots of guys—short, fat, skinny, and extra-long penises. But only once have I felt really satisfied. I was reading a sexy magazine and got very hot. I played with myself for about 10 minutes, and *whoosh!,* all of a sudden I cut loose. It was fabulous, but it never happened again.

Please help. This is no joke. I have almost lost my mind over it.—Desperate, Pulaski, Tennessee

Dear Desperate:

The best available research on the subject indicates that the ability to have an orgasm is a habit. In other words, no one—or, at the very most, a few people—can do it without difficulty on the first try. However, as we gain experience stimulating ourselves and being stimulated by others, we learn to be more efficient at it. In the future, we repeat the

things that worked in the past. Soon [redacted] are able to climax regularly. Most men manage this in their early teens, but women usually take quite a bit longer.

The studies of Kinsey, Masters and Johnson, and other researchers reveal that very few women ever develop the ability to have an orgasm with [redacted] man until they've acquired some experience masturbating. Perhaps because of your very early start with intercourse you have not masturbated very much. I encourage you to repeat whatever it [redacted] that gave you an orgasm the one time that it happened. After you've acquired more experience stimulating yourself, you can [redacted] the knowledge of what turns you on by adjusting your movements, rhythms, etc., when you're with a man. Also, encourage men to attempt masturbating you.

There is [redacted] slight possibility that you may have some physical barrier to orgasm—for instance, an obstructive clitoral hood or some other genital lesion. It wouldn't hurt to discuss this with [redacted] gynecologist the next time you have an examination. In the meanwhile, keep on truckin'! Remember, 20 is not very old. Many women don't have their first orgasm until well into their 20's or even beyond. As long as you enjoy [redacted] without climaxing, things can only stay [redacted] good [redacted] they [redacted] are—and hopefully will soon get better.

LOVIN' COUSIN

Dear Dr. Calder:

I grew up in Ohio and have lived in San Francisco for the past six years. During this time I have visited my aunt, who lives in Los Angeles, exactly once. I have no desire to see her or L.A. again. The two weeks I spent in her home showed me how vain, moralistic, and ignorant she is. The only thing that made my stay tolerable [redacted] her 15-year-old daughter, my cousin Jenny. She [redacted] a cheerleader and a surfer and already looked like the prototypical California girl. I have to admit, looking at her fabulous suntanned blonde liveliness gave me a stiff dick more than once. I didn't do anything, of course, being five years her senior and a very proper young gentleman. But I couldn't help fantasizing!

Well, two months ago—and three years after that otherwise unremarkable stay—Jenny dropped in on me at my San Francisco apartment. Reminding myself incessantly that she [redacted] my cousin, I took her out for coffee. Then at *her* suggestion, [redacted] went to [redacted] bar (she can easily pass for over 21). After a drink or two, I couldn't help noticing how fabulously revealing her outfit was. The subject of sex came up. So did several other things. She told me she [redacted] engaged to a law student who, she expected, would support her as she was accustomed. I got the impression she wasn't taking the idea of marriage too seriously.

We returned to my apartment and smoked a joint. She began caressing my arm, then my neck, and just worked her way down. In a few minutes she asked me to take her skirt off. After that I didn't need coaxing.

We had an unbelievable night in bed—without a doubt, the most gratifying I ever had. The next morning she said she was in no hurry to get back to L.A. Making [redacted] long story short, she stayed with me for two months. They were heaven on earth for me!

The problem is, she now wants to return to L.A. and insists that I accompany her. She says she intends to stay engaged to the law student but wants me to be her lover. She is certain that because I'm her cousin, no one will ever suspect anything, least of all her mother. I hate to lose contact with Jenny, but I'd hate to go anywhere near her mother. I also don't like the idea of playing second fiddle to her fiancé.

The fact is, I think I really love her and would like to marry her, incest be damned! We discussed this, but she won't even consider it. She says she will go back to L.A. and if I don't accompany her, the most I can hope for is [redacted] occasional weekend visit when she can manage to break away from her legal eagle. That isn't enough for me, but what the hell can I do?—Outside Track, San Francisco, California

Dear Outside:

I would advise you to stay where you are. Though marriage between cousins is legal in [redacted] states, it seems from your description that Jenny is very firm about not wanting to marry you. What isn't clear is what her motives are for wanting you to relocate in L.A. It might simply be that she wants you, [redacted] she says, to serve [redacted] back-up to her future husband—in which case, she must have [redacted] very high opinion of herself (and [redacted] rather low one of you) to expect you to leave your home and job with nothing more than the promise of part-time pleasures. Or it might be that she's using you [redacted] a weapon in a psychological game: perhaps she secretly *wants* her mother to discover what is happening, or maybe she intends to play you against her future husband, hinting to him that the relationship between you and her is more than what is ordinarily considered cousinly.

Whatever her motives, I [redacted] you ultimately getting hurt by succumbing to her wishes. Bear in mind that, mature though she may be physically, very few people at 18 are mature *emotionally.* Suppose you follow her to L.A. only to find her losing interest now that you no longer represent a challenge to her!

So stay in San Francisco. If she cares for you enough to warrant your continued interest, she'll return often enough—and may even decide to tell her legal eagle to take flight. If your interest isn't warranted, you'll almost certainly be better off calling it quits now rather than some months down the line after giving up your apartment, job, and friends!

ELECTRIC VIBRATOR OWNERS! READ ABOUT ALL the fun attachments that are now available for your vibrators in "The Toys of Sex". You don't know what you're missing!

THIS BOOK STARTS WHERE OTHERS STOP!

DO YOU MAKE THESE DUMB MISTAKES WITH GIRLS?

This Incredible Invention Has Helped Thousands of Men Get Girls ... And It Will Work For You Too.

OR WE'LL PAY YOU 10 DOLLARS JUST FOR HAVING GIVEN IT A TRY!!!

DO you use such sayings as: "Would you like to go out tonight?" — or, "Want to go to my apartment for a drink?" — or, "May I have your phone-number?"

Most men do. And it's amazing that so many men actually think they can get anywhere with girls using such colorless, flat, ordinary expressions.

Your whole approach to girls is lifeless, dull, humdrum.

You probably don't even realize you are making so many serious mistakes. So you go right on making them ... and find yourself with fewer and fewer girls.

It's really quite sad — because it doesn't have to be that way. Most men could easily have all the girls they want ... if they just knew how "not" to act with them.

A MOST VALUABLE LESSON

We are going to show you why you are having so much trouble getting girls.

You will learn why many girls refuse to date you (it has nothing to do with your looks).

You will learn why you have a hard time meeting girls (it has nothing to do with your personality or age).

You will learn why girls won't go to bed with you (it has nothing to do with money ... or any of the above reasons).

You will learn *exactly* what you are doing wrong.

This could easily be the most valuable information you will ever receive. Because once you learn what you are doing wrong, you will be in a perfect position to start meeting and dating girls galore.

Once you learn what you are doing wrong, you will quickly begin to meet and date great-looking girls. Girls with pretty faces and tempting bodies. Girls who wear the newest, sexiest styles in clothes. Girls who you only looked at and dreamed about up until now.

But that's not all. Once you find out what you are doing wrong, it will automatically become "super easy" for you to get many of these beautiful girls to *sleep* with you (think about that).

WHAT WE HAVE DONE FOR YOU

Through many months of research — including personal interviews with dozens of beautiful girls – we have learned the most common mistakes most men make with girls. Mistakes that you are making right now.

Several of the girls frankly admitted that if it weren't for these silly mistakes, most men could easily meet and date just about any beautiful girl they want to.

It would take us forever to teach you every single mistake you may be making with girls. So what we have done is developed a system that will allow you to check yourself whenever you approach a girl — to make sure you are not making any "mistakes" that could blow your chances with her.

Lyn A., student, Fla.: *"I don't even care what guys look like anymore. I get approached by at least a dozen guys a month. Out of them, only about two end up taking me out. These are the guys who know enough not to make the usual dumb mistakes most guys make."*

THE ALL NEW 100% SELF-CORRECTING SYSTEM

Wouldn't it be great if we could stand beside you, like an invisable man, and correct you every time you started to make a blunder with a girl!

Well this is exactly what our *100% Self-Correcting System* does. It is our silent voice behind you ... ready to *speak out* whenever you are about to make a costly mistake with a girl.

Our *Self-Correcting System* actually stops you *before* you make the mistake; *before* you ruin your chances with the girl you have your sights on.

CAN BE LEARNED IN JUST ONE DAY

There is no hard work involved. There are no boring details to remember. In fact, our *100% Self-Correcting System* can be completely mastered in just one day.

This System has been *tested* and *proven*. It works. It works because it is based on facts ... not guesswork. So if it's girls you want, *girls are exactly what you will get.*

"DOUBLE-YOUR-MONEY-BACK" IF OUR SYSTEM DOESN'T WORK FOR YOU

Are we crazy?

Not really. We're just so darn sure that you'll meet dozens of girls using our *System* that we're willing to stick our necks out to prove it to you.

What we are going to do is let you use our *100% Self-Correcting System* for a full year. Then, if you haven't met enough girls to last you a lifetime, return our material to us. We will send you back a check for *double* the amount you paid for it.

Our book, *How To Get Girls Using The 100% Self-Correcting System*, costs 10 dollars. Think about it. A 10 dollar investment may bring you more beautiful girls than you'll know what to do with. And — if for any reason you don't end up meeting and dating all the girls you have your heart set on, you'll get back double the amount of your investment (and we'll cry a lot).

Maybe we *are* sticking our necks way out. But we're willing to take that chance.

So if you seriously want to find out why you are having so much trouble getting girls, send in the coupon now. You will soon find it *easier-than-heck* to meet and date girls (and even to get girls to sleep with you).

Remember — if our System doesn't work for you, you can take the refund money (all 20 dollars of it) and have a whopping good time for yourself ... on us.

That's what you can do if our material *doesn't* work for you.

But what if our material *does* work for you? Then what?

Silverman Research, Dept. SW-278A
P.O. Box 9204
Providence, R.I. 02940

Yes — I want to stop making mistakes so I can start to meet and date all the beautiful girls I ever wanted to. Here's my 10 dollars. Rush me *How To Get Girls Using The 100% Self-Correcting System*.

I may use your material for a year. Then, if I haven't met and dated all the girls I have my heart set on, I may return it for *double-my-money back*. (We will send you a check for 20 dollars.)

I understand my material will be sent in a plain wrapper.

SHAKE UP

continued from page 68

stays. The little machine remains between them, causing more problems than it was supposed to have solved in the first place.

Sometimes the man is just plain jealous and unreasonable about the situation. He places his ego before mutual satisfaction. The thing to do is talk and yield a little. Both sides. If he or she won't compromise, that's another problem. Surprisingly, here in the futuristic seventies, many men still want everything their way in bed, refusing to even discuss the latent sexuality of their female partners. The irony is that they are therefore cutting *themselves* out of greater sexual pleasure, since it's more fun when both parties are enjoying sex. Cultural conditioning, fear of dealing with women as full-status human beings, fear of losing the position of male supremacy—a host of fears, stupidities, prejudices—can make people cling to unhappy but safe situations.

Then there's the healthy objector. He doesn't reject a woman's sexuality; he wants her to find fulfillment at every level; he has his masculine image intact and he sees a vibrator as a vibrator. He also isn't the least bit turned on by it.

One liberated woman we know noted that her preteen son had found her vibrator, and she discovered him using it to masturbate. During early puberty, when the full impact of sexuality is rushing through a child and he has no previous sexual history, the vibrator can serve as a viable tool for masturbation. In another case a teen-age boy tried a vibrator on his genitals and all it did was shake them, then all feeling disappeared. It's noteworthy that the young boy in the former case never actually ejaculated with the vibrator. The male physical response to sexual stimulation is responsible for this. Most males prefer a stroking action on the penis. The intense concentrated movement offered by a vibrator may be pleasant, but it isn't the cat's meow either. In opposition, females do respond in a marked sexual way to this vibrating stimulus. In fact, women most often react orgasmically to this type of motion and not necessarily to the stroking of the penis—or penis substitute—in their vaginal canals.

It makes you wonder, of course, how we can bring the sexes together since they seem so physically unsuited for each other. Naturally that's a lopsided impression. As Dr. Don Sloan, a New York gynecologist, pointed out, even though a woman may have a better orgasm alone with a vibrator, she may still prefer to have sex with someone she loves and who loves her. The orgasm isn't everything.

Psychologically, men are not tuned in to vibrators as much as women. A lot of this may have to do with the penis itself.

There are many cases on record in which the impotent male has overcome his sexual problem by using a vibrator, in much the same way a woman does. Since such men are repressed sexually or inexperienced in sexual stimulation, the uniqueness of the vibrator, being nonhuman, nondemanding, and not expecting anything in the way of results, may provide the needed variable factor to open up a man's response for orgasm. Many men, although not nearly as many as women, have found vibrators to be the saving grace they needed.

Besides proving again the similarities between the male and female sexual experience and mechanism, the vibrators don't have a great deal else in common with the sexes. The reaction to a vibrator is based on sexual need, not out of any innate natural psychological difference in response between the male and female of the species.

In that context, then, a man, as well as a woman, can learn to respond sexually to anything. So if a man is mated to a woman who has learned to climax with a vibrator, then he should realize that it is his ego that objects, not any biological difference between the sexes that makes him unresponsive to vibrators.

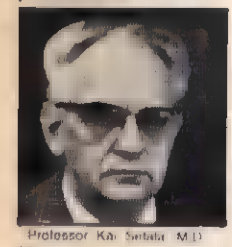
WORLD RENOWNED SCIENTIST REVEALS "WE DISCOVERED CURE FOR BALDNESS!"

"HAIR LOSS CAN BE STOPPED. THINNING HAIR CAN BE RESTORED"... READ THE INCREDIBLE FACTS REVEALED BY THE AUTHORIZED MEDICAL STUDY PUBLISHED BY THE UNIVERSITY OF HELSINKI

Team of Doctors and Dermatologists Reveal Scientific Facts About Revolutionary New Discovery That Signals the End to Hair Loss Problem.

The Inventors

Professor Kai Setala, M.D., Director of the Department of Pathology at the University of Helsinki, holds over 30 international patents. The results of his research have been published in over 200 scientific journals and publications.



Professor Kai Setala, M.D.

Dr. Ilona Schreck-Purola, M.D.

His work has been funded by the National Cancer Institute and the United States Public Health Service. He is a member of the American Society for the Advancement of Science, the Royal Society of Medicine and others. He has received professorship from and has been invited to lecture at the University of Bonn, Germany; Taft University, Boston; Baylor Medical School, Houston, Texas; University of Copenhagen, Denmark; University of Heidelberg, West Germany and many others.

Dr. Ilona Schreck-Purola, M.D., specialist in scalp and skin pathology, assisted Prof. Setala in leading the team of doctors and scientists that produced "Baldness and Its Cure".

"Hair Loss Problem Yields To Research"

Declared Professor Setala in a recent scientific lecture he delivered in Ontario, Canada. It shocked and astounded the medical community.

Ladies and Gentlemen:

"I speak to you today about a development which will have an enormous impact on the hair industry. We shall be releasing, shortly, a new study which will reveal, in its entirety, a new treatment that corrects the hair loss problem and stimulates growth of new hair. During the course of our skin research, we had quite accidentally discovered a new formula that would stimulate hair growth and eradicate hair loss.

You can actually see the astounding results that have been achieved in the picture in front of you. We have treated hundreds of men and women with our new formula. The results were astounding. Hair loss was stopped and hair growth was stimulated in a great majority of the cases. Considering the overwhelming evidence and the universal significance of this great discovery, we have decided to make the results open to the public in a medical study which will be published by the University of Helsinki."

Before After

As appeared on page 109 of study

Jan Swenson, 49 years old, suffering from gradually developing baldness, before treatment and after 23 months of using the new formula. Density of hair distinctly increased; no longer any [illegible].

"RESULTS TESTED AND PROVEN ON HUNDREDS"

Revealed Dr. Setala in an exclusive interview with Heinrich Kraus, international scientific reporter and author of the book's introduction.

Question: Let me ask you directly, Professor, Can you really make hair grow?
Professor Setala: After many years of dedicated work by myself and my staff of doctors and scientists, we finally broke through 'the skin barrier'. Tests were performed on hundreds of patients suffering from varying degrees of baldness and hair loss. The results were conclusive, as the table below shows. At about the same time as their hair loss was discontinued, new hair began to appear, a stimulation of regrowth of hair was concluded to occur on the following criteria:

(a) an increase in density and the average length of the hair in general
(b) new hair occurred in such scalp areas from which hair had been shed
(c) hairline had obviously changed.

THE FOLLOWING IS A TABLE OF RESULTS OBTAINED

As appeared on page 110 of study

Treatment Time (Weeks)	Percentage of Regrowth of Hair
8	26%
12	38
16	42
20	50
24	53
28	66

Question: Is this discovery really of significant importance in helping [illegible] with progressive baldness or thinning hair?
Professor Setala: We firmly believe that our new discovery is the most important of its kind. It is a breakthrough achieved in the midst of a scientific project entirely financed by the public. After considering our findings, we have decided to release the facts and results gained through our research to the general public. Patents have been granted in or sought for in major countries throughout the world, including the United States. At this time, our discoveries are in actual use in Holland, Switzerland, Germany, Italy, Canada and the Scandinavian countries and in many other nations.

Question: Why do men lose their hair?
Professor Setala: I can tell you that it is caused by a slowdown in cell growth that takes place under the skin surface. To get a really accurate answer, I recommend that anyone concerned with hair problems should read **BALDNESS AND ITS CURE.** It tells explicitly how hair follicles rejuvenate, how hair loss can be stopped and regrowth can be achieved. The study has been fully documented with hundreds of patients using our formula. It contains a wealth of valuable research and information pertaining to the many aspects of hair loss and hair care. It is something the public must be made aware of

POLICE-WOMEN

crushed. It's like punching a ripe peach, the way the juices squirt all around. I do not think I have ever felt such pain in my life.

I tell him I will beat him fighting with one hand behind my back, which will humiliate him even more.

Huh, he says, not expecting this reaction.

His pause gives me just the second I need to catch him off guard and kick him up inside the crotch. Down he goes.

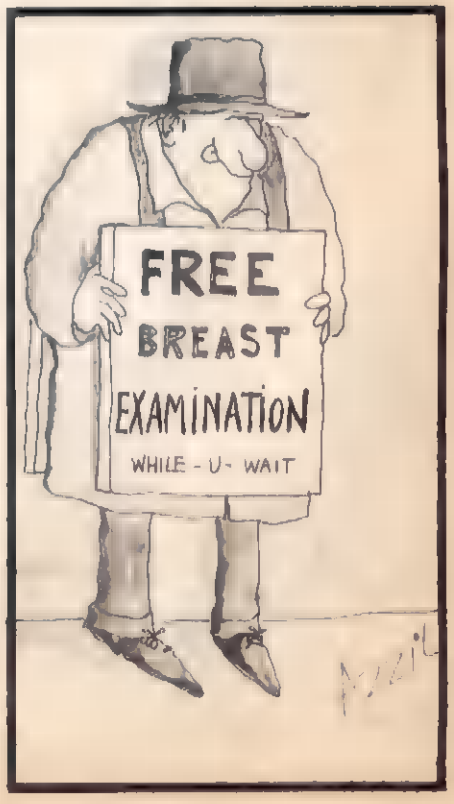
I have probably saved my life. He is strong enough and vicious enough and crazy enough to have wrecked me, maybe killed me. And screw auld lang syne and high school. Maybe it is auld lang syne that angered him so, being done in by someone who was once a friend, and a girl, yet.

He is still trying to punch my kneecap off, while he writhes on the sidewalk. People are looking at us.

But I do not take him in and book him. Instead I handcuff him to ■ schoolyard fence. I walk away with my crushed face, leaving him there for all to see and laugh at.

When the word gets out that I left him like that, his humiliation will be total. I do not think he can come after me again and retain any respect at all. After all, there's risk I might beat him again.

It is worth the price of a pair of handcuffs and ■ smashed-in face.



YOU'VE NEVER SEEN OR 'FELT' ANYTHING LIKE THIS...!

LIFE SIZE DOLL AND SHE'S SOLID

NOT INFLATED!

AND... I TALK!!

WE CALL HER ANGIE. BUT YOU'LL CALL HER THE MOST SATISFYING PARTNER YOU'VE EVER IMAGINED!

DEEP THROAT

To love you in that special way — all the way down. Angie's angelic face, her kissable lips that open to a throat 7" deep. She was "born with a taste for French," and she'll satisfy you over and over.

SHE'S PERFECT... BETTER THAN REAL!

NEW LOW PRICE
Just 1 year ago Angie sold for $70... Amazing production cost cuts let us offer her now for only

$34.95

FIRM, DETAILED BREASTS

Angie has breasts that are firm and exciting to touch. Not huge, but bigger than you'd expect on such a sweet, young thing. Her nipples are perky and hard, and they stick out under a T-shirt. The temptation to reach out and make them your own will be irresistible.

7" VAGINA WITH PULSATING OPTION

And each time you plunge into her exciting womanhood you'll be pleasantly surprised at the better than real sensation you'll experience as you gently slip into the most throbbing, exciting seven inches of warm, wet vibrating womanflesh you've ever imagined. What a comfort to know that Angie is always there to want you, to hold you, to satisfy you again and again.

TIGHT FITTING "GREEK" FEATURES

For those who delight in the unusual, Angie is happy to take it any way you want to give it. Her tight little ass is just right for those nights when you crave an experience that's just a little different.

BUYER BEWARE!!

Don't confuse Angie with an inferior competitor with a so called "foam expander" in an aerosol can. The "expander" is nothing more than a can of gas which you use to "expand" an inadequate amount of inferior foam. When the gas leaks out, the doll goes flat. Insist on the Genuine Angie Doll . . . packed tight with resilient, weight supporting foam. There is no substitute.

SHE TALKS, TOO

Buy Angie with her talking option and let her spur you on to greater heights of sensual expression. Hear her moan in the ecstasy of repeated climax. Listen to her whisper tender phrases like, "Kiss me, kiss me!" or "Do it harder!" and many others. It's the extra touch that can bring your fantasies to life, and only Angie has it.

Remember, Angie is totally new. She is not inflated with air or some kind of gas that comes in a pressure can and leaks out in a day or two. You pack her tight with soft, resilient foam (supplied). So she can never leak or go flat, leaving you disappointed. (Also . . . she can be unpacked for easy storage.) Her limbs and torso feel firm, like a real girl. When you press her close she yields just enough, not too much. You can close your eyes and make her the girl of your dreams. Yet despite all this, you no longer have to pay a premium. Now we can sell Angie for no more than you'd have to pay for an ordinary doll. You'll love Angie . . . and Angie will love you! As often and as long as you desire.

TWO INTO THREES

continued from page ■

Suddenly the tension of Paula's vaginal lips exerted unbearable pressure on his extended cock.

"Now!" Paula gurgled excitedly, slapping him on the haunches. She began to rock up and down on his throbbing erection. Her enormous boobs bounced and jerked. Ginger sat on his chest and bounced up and down in rhythm to Paula's movements.

Frank arched his back with ■ cry of pain as the big brunette and his wife both rode him like a rocking horse until he could hold it no longer. His load shot into Paula in ■ geyser of come.

He could feel her flesh quivering like jelly as she, too, went into orgasm. He shrank and retreated from her, and she came again, convulsing and shuddering over him.

Paula bounced and slid off him and slid Ginger's legs under her armpits. Her face plunged down into Ginger's triangular muff. Frank could hear the sucking sounds over Ginger's groans and moans.

Ginger then reversed herself and crawled under Paula, licking her crotch, eyes closed, squeezing the big girl's thighs and pressing them against her face. Paula stroked Ginger's breasts, pinching the nipples, grinding her crotch against Ginger's mouth. They both began rocking, coming together. Gradually, the rocking stopped.

Frank slumped back.

With a sigh, Paula climbed off the groggy Ginger. Ginger looked up, eyes glazed. Paula walked over to her skintights hanging on the chair and got out a package of cigarettes. She lit one, gave it to Ginger, and lit another for herself. Then she lit Frank. They smoked for ■ while in silence.

"Well," Paula was the first to speak. "How about an encore?"

Frank looked down at himself. "I'd never get it up again."

Paula laughed. "No?" She thrust Frank back on the bed and crawled over him, taking his limp member into her mouth. Methodically she sucked him into an erection.

Then she thrust the head of his tool into Ginger's waiting mouth, and stuck her fingers in Ginger's crotch. Ginger caught Paula's large breasts in her hands and began caressing and pinching them. Frank grabbed Paula's buttocks and squeezed them, sliding his fingers down around her clitoris. It swelled quickly under the pressure of his fingers. He could feel her come into his hands.

Ginger sucked Frank off and Frank went off inside her mouth. She gave a cry, arched her back, shuddering like ■ building in an earthquake, and slumped on the bed, exhausted. Frank fell back, limp. Paula rolled over and played with Ginger's tits.

When Paula had left, Frank kissed his wife. "It was an education, baby. Thank you so much!"

Education was right! Frank had learned that his wife had planned the whole thing just to have ■ lesbian shot at Paula. And Paula was transparently a switch-hitter who could do anything with anybody. He began to wonder about Ginger's friends at the garden club.

"Would you like to do it again?" Ginger asked him brightly.

"Not a bad idea."

Ginger's mouth opened. She began to drool, thinking of Paula's body.

"Just one thing," Frank continued. "This time, let's do it with a man. There's a guy at my Wednesday night poker club I've been itching to get my cock into. I think you'll like him, too."

"He only comes here to put his feet up!"

get off e-z

E-Z Wider, the *original* doublewidth rolling paper, makes rolling easy. The *double* width eliminates the hassle of sticking two *singlewidth* papers together. *And* E-Z Wider is the standard of quality: finest glue, slow even burn — and the watermark signifies a perfect thinness of paper.

e-z wider...easily the best
